Mr. Félix Leo Campos
La Fortaleza Community Development Corporation (CDC)
The Bronx, NY
tel. (646)633 1790

Dear Mr. Campos and Colleagues,

I read your La Fortaleza Project. My comments on it that you requested, I respectfully submit to your and your colleagues' consideration in the form of "The Offshoot Oases Project" hereunder, which is downloadable[‡]. After you have read it, we can discuss it on the phone.

A. Arts and culture, a luxury for the wealthy; unaffordable by the poor

1. Arts and culture are activities paid for with money left after the necessities of life are taken care of. They are the first to be dropped from the budget, for they are "budgeted on the margin".
2. People facing eviction, suffering from food insecurity, in bad health, drop-outs, and the functionally illiterate do not spend on, or are not interested in, arts & culture. Survival dictates their spending.
3. Attachment to a project dear to one's heart should not prevent a business person from considering with objectivity and a sense of perspective the harsh realities of the business world and the circumstances and characteristics of even the people whose welfare motivates one's work.

B. "Repatriating \$487 million spent in other boroughs

4. In what fields is that money spent? A study should be conducted to gain current knowledge of the activities in which the residents of "The Bronx dormitory" spend their out-of-borough days and money. Based thereon it will be possible to determine:
 - a. which activities and types of business and companies running them can be attracted to, or offered in, The Bronx and the Upper East Side;
 - b. whether more spacious and affordable offices, residential apartments, and cultural sites can be used to attract them; and
 - c. what reasons account for the glut of unoccupied office space in Manhattan.

C. Current circumstances in and out of The Bronx propitious for development

5. Current circumstances in the U.S. and the rest of the world favor repatriation of research, development, and production facilities. Businesses want to have their activities based in the U.S. to counter the problems of:
 - a. the rising production cost, including salaries, in China, which are causing production facilities to be moved to Vietnam, Laos, Cambodia, The Philippines, etc.;
 - b. uncertain importation from the production facilities in China, especially if China helps Russia's war in Ukraine and the U.S., Europe, Canada, and NATO impose sanctions on it;
 - c. shipping costs have exploded, multiplied by four for some products;
 - d. the unloading delays at the ports of Long Beach and Los Angeles in California;
 - e. the lack of truck drivers to distribute goods from those ports throughout the U.S.;

- f. The Bronx and the Upper East Side can offer an alternative given that production there can cut shipping and distribution costs and delays significantly. Moreover, it is estimated that American workers are three times more productive than their Chinese counterparts.
- 6. Billions of dollars are going to be invested in a microchip plant in a southern state.
- 7. Christmas goods, especially toys, can be produced in The Bronx and the Upper East Side.
- 8. The Bronx can become the site where the biotech industry builds new research, development, and production facilities to deal with the scarcity of microchips and the challenges presented by Covid-19, Omicron, and BA.2, as well as the current outburst of bird flu...and those yet to come.

D. “The Offshoot Oases Project”, ambitious and insightful

- 9. The Fortaleza Project makes reference to many “underused venues and locations” in The Bronx and the Upper East Side. They are an asset to be put to work to generate development and revenue.
- 10. CDC, the boroughs of The Bronx and Manhattan, and NYC can together offer those “underused venues and locations”, including vacant lots and buildings, as their contribution to a joint venture with investors and developers aimed at creating alternatives to what companies and residents in the other boroughs find too expensive; e.g., the former contribute underused and vacant lots and buildings, and the latter contribute money and development know-how and resources.
- 11. Gentrification is a means of increasing the value of the tax base: higher-tax payers are a source of further development beneficial to, and affordable by, low-income people. The tax base cannot be increased if too many people are receiving public assistance. Moms and Pops businesses do not generate employment or development. NYC’s failure to attract the new Amazon distribution center is rich in lessons of what to do and not to do. A higher tax base can produce the money necessary to deal with the most pressing need of the poor and even the middle class: affordable housing.
- 12. “The Offshoot Oases Project” aims to build in the most suitable “underused venues and locations” spacious and affordable offshoots of Wall Street, Madison Avenue, Fashion Week, Silicon Valley, and biotech laboratories in the development oases of the Upper East Side. They will consist of a complex of offices for lawyers, publishers, fashion industry members, living quarters and hotels for their employees and patrons, production facilities for soft- and hard-ware developers and biotech companies, recreational areas, and “The Joy of Rebirth Amusement Park”. An educational center jointly established by Cornell and Columbia Universities and NYU will provide the technical education for the necessary workforce. An areal map of areas to develop can be used to identify concentrations of “underused venues and locations” that can become Offshoot Oases. Imagine the brochure, *infra*, with red crosses on lots and the roofs of building that can be better used.

E. Offer of a presentation, backed up by a website that has proved its appeal

- 13. I can make an introductory presentation to you and your colleagues of the Offshoot Oases Project in exchange for a consulting fee. I post some of my economic and legal articles to my website **Judicial Discipline Reform**. They analyze current events and propose concrete, reasonable, and feasible actions that webvisitors can take in their own interest. Those articles have attracted so many visitors and elicited in them such a positive reaction that the number of those who had become subscribers as of April 3, 2022, was **43,722+**([Appendix 3](#)). How many law firms, let alone lawyers, do you know who have a site with so many subscribers? I can present in a way that attracts people to read and hear it.

Sincerely, /s/ Dr. Richard Cordero, Esq.

An aerial map of the Upper East Side may be used for identifying concentrations of “underused venues and locations” that can become Offshoot Oases. Picture it on a wall with red crosses on lots and the roofs of buildings that are underused or vacant. In the short term, an oasis may be one building even as simultaneously whole areas are identified and developed as Oases.

An educational center jointly established by Cornell and Columbia Universities, and NYU will provide the technical education for the necessary workforce.

La Fortaleza Project of the Community Development Corporation makes reference to many “underused venues and locations” in the Upper East Side. They are an asset to be put to work to generate development and revenue. CDC, the boroughs of Manhattan and The Bronx, and NYC can propose them for a joint venture with investors and developers aimed at creating alternatives to what companies and residents in the other boroughs find too expensive and crowded; e.g., the former contribute underused and vacant lots and buildings, and the latter money and development resources.

B. Subjects for commissioning one or a series of articles

136. judges' unaccountability(*>OL:265) and their riskless abuse of power(*>jur:5§3; OL:154§3);
137. statistical analysis for the public(†>OL2:455§§B-E, 608§A) and for researchers(jur:131§b);

138. significance of federal circuit judges disposing of 93% of appeals in decisions “on procedural grounds [i.e., the pretext of “lack of jurisdiction”], unsigned, unpublished, by consolidation, without comment”, which are unresearched, reasonless, ad-hoc, arbitrary, fiat-like orders, in practice unappealable(OL2:453);
139. to receive ‘justice services’(OL2:607) parties pay courts filing fees, which constitute consideration, whereby a contract arises between them to be performed by the judges, who know that they will in most cases not even read their briefs(OL2:608§A), so that courts engage in false advertisement, fraud in the inducement, and breach of contract(OL2:609§2);
140. Justiceship Nominee Judge Neil Gorsuch said, “An attack on one of our brothers and sisters of the robe is an attack on all of us”: judges’ gang mentality and abusive hitting back(OL2:546);
141. fair criticism of judges who fail to “avoid even the appearance of impropriety”(jur:68^{123a});
142. abuse-enabling clerks(OL2:687), who fear arbitrary removal without recourse(jur:30§1);
143. law clerks’ vision at the end of their clerking for a judge of the latter’s glowing letter of recommendation (OL2:645§B) to a potential employer morally blinds them to their being used by the judge as executioners of his or her abuse;
144. judges dismiss 99.82% of complaints against them(jur:10-14; OL2:548), thus arrogating to themselves impunity by abusing their self-disciplining authority(jur:21§a);
145. escaping the futility of suing judges(OL2:713, 609§1): the out-of-court inform and outrage strategy to stir up the public into holding them accountable and liable to compensation(OL2:581);
146. how law professors and lawyers act in self-interest to cover up for judges so as to spare themselves and their schools, cases, and firms retaliation(jur:81§1; Lsch:17§C): their system of harmonious interests against the interests of the parties and the public(OL2:635, 593¶15);
147. turning insiders into Deep Throats(jur:106§C); outsiders into informants(OL2:468); and judges into criers of ‘MeToo! Abusers’(OL2:682¶¶7,8) that issue an *I accuse!*(jur:98§2) denunciation of judges’ abuse: thinking and acting strategically(OL2:635, 593¶15) to expose judges’ abuse by developing allies who want to become Workers of Justice(OL2:687), as opposed to being enforcers of abuse or enablers by endorsement or willful ignorance or blindness;
148. two unique national stories, not to replace a rogue judge, but to topple an abusive judiciary:
 - a. *Follow the money!* as judges grab(OL2:614), conceal(jur:65^{107a,c}), and launder(105²¹³) it;
 - b. The Silence of the Judges: their warrantless, 1st Amendment freedom of speech, press, and assembly-violative interception of people’s emails and mail to detect and suppress those of their critics(OL2:582§C;OL3:1228);
 - 1) made all the more credible by Former CBS Reporter Sharryl Attkisson’s \$35 million suit against the Department of Justice for its illegal intrusion into her computers to spy on her ground-breaking investigation and embarrassing reporting(OL2:612§b);
 - 2) by using Information Technology examination and statistical analysis, such interception and contents-based suppression can be exposed, which will provoke a scandal graver than that resulting from Edward Snowden’s revelations of NSA’s massive illegal collection of only non-personally identifiable metadata(OL2:583§3);
 - 3) the exposure can be bankrolled as discreetly as Peter Thiel, co-founder of PayPal, bankrolled the suit of Hulk Hogan against the tabloid Gawker for invasion of privacy and thereby made it possible to prosecute and win a judgment for more than \$140 million(OL2:528);

- 4) principles can be asserted and money made by exposing judges' interception;
149. launching a Harvey Weinstein-like(jur:4¶¶10-14) generalized media investigation into judges' abuse of power as their institutionalized modus operandi; conducted also by journalists and me with the benefit of the numerous leads(OL:194§E) that I have gathered;
150. **Black Robed Predators**(OL:85) or the making of a documentary as an original video content by a media company or an investigative TV show, with the testimony of judges' victims, clerks, lawyers, faculty, and students; and crowd funding to attract to its making and viewing the crowd that advocate honest judiciaries and the victims of judges' abuse of power;
151. promoting the unprecedented to turn judges' abuse of power into a key mid-term elections issue and thereafter insert it in the national debate:
- a. the holding by journalists, newsanchors, media outlets, and law, journalism, business, and IT schools in their own commercial, professional, and public interest as *We the People's* loudspeakers of nationally and statewide televised citizens hearings(OL2:675§2, 580§2) on judges' unaccountability and consequent riskless abuse;
 - b. a forensic investigation by Information Technology experts to determine whether judges intercept the communications of their critics(OL2:633§D, OL2:582§C);
 - c. suits by individual parties and class actions to recover from judges, courts, and judiciaries filing fees paid by parties as consideration for 'justice services'(OL2:607) offered by the judges although the latter knew that it was mathematically(OL2:608§A; 457§D) impossible for them to deliver those services to all filed cases; so the judges committed false advertisement and fraud in the inducement to the formation of service contracts, and thereafter breach of contract by having their court and law clerks perfunctorily dispose of cases by filling out "dumping forms"(OL2:608 ¶ 5);
 - d. suits by clients to recover from their lawyers attorneys' fees charged for prosecuting cases that the lawyers knew or should have known(jur:90§§b, c) the judges did not have the manpower to deliver, or the need or the incentive to deal with personally, whereby the lawyers committed fraud by entering with their clients into illusory contracts that could not obtain the sought-for 'justice services'; and
 - e. suits in the public interest to recover the public funds paid to judges who have failed to earn their salaries by routinely not putting in an honest day's work, e.g., closing their courts before 5:00 p.m., thus committing fraud on the public and inflicting injury in fact on the parties who have been denied justice through its delay(cf. OL2:571¶24a);
152. how parties can join forces to combine and search their documents for communality points (OL:274-280; 304-307) that permit the detection of patterns of abuse by one or more judges, which patterns the parties can use to persuade journalists to investigate their claims of abuse;
153. the development of my website Judicial Discipline Reform at <http://www.Judicial-Discipline-Reform.org>, which as of April 1, 2022, had **43,714+** subscribers, into:
- a. a **clearinghouse** for complaints against judges uploaded by the public;
 - b. a **research center** for professionals and parties(OL2:575) to search documents for the most persuasive evidence of abuse: patterns of abuse by the same judge presiding over their cases, the judges of the same court, and the judges of a judiciary; and
 - c. the **showroom and shopping portal** of a multidisciplinary academic and business venture (jur:119§§1-4). It can be the precursor of the institute of judicial unaccountability reporting and reform advocacy attached to a top university or established by a consortium of media outlets and academic

institutions([jur:130§5](#));

154. a tour of presentations([OL:197§G](#)) by me sponsored by you on:
 - a. judges' abuse([jur:5§3](#); [OL:154 ¶ 3](#));
 - b. development of software to conduct fraud and forensic accounting([OL:42, 60](#)); and to perform thanks to artificial intelligence a novel type of statistical, linguistic, and literary analysis of judges' decisions and other writings([jur:131§b](#)) to detect bias and disregard of the requirements of due process and equal protection of the law;
 - c. promoting the participation of the audience in the investigation([OL:115](#)) into judges' abuse; and their development of local chapters of investigators/researchers that coalesce into a Tea Party-like single issue, civic movement([jur:164§9](#)) for holding judges accountable and liable to their victims: *the People's Sunrise*([OL:201§J](#));
 - d. announcement of a Continuing Legal Education course, a webinar, a seminar, and a writing contest([*>ddc:1](#)), which can turn the audience into clients and followers;
155. a multimedia, multidisciplinary public conference([jur:97§1](#); [*>dcc:13§C](#)) on judges' abuses held at a top university([OL2:452](#)) to pioneer the reporting thereon in our country and abroad;
156. the call of the constitutional convention([OL:136§3](#)) that 34 states have petitioned Congress to convene since April 2, 2014, satisfying the amending provisions of the [Constitution](#), Article V.
