**and call**  
**to people who have been denied their rights by Medicare and related entities,**  
**to class action law firms, and to investigative journalists,**

**to join forces to expose the abuse of power and cover-up  
affecting so many people who assert their rights  
as single party to their stand-alone case and  
even do so without a lawyer (pro se), and  
as a result, have barely any chance against coordinated  
hospitals, medical practitioners,  
equipment and laboratory services providers,  
health insurance companies and health management organizations (HMOs)  
and their networks of services and equipment providers,  
medical decisions reviewers, administrative law judges,  
Medicare, Medicaid, and the Medicare Appeals Council,  
all with their lawyers and working together to further their common interest in  
enlarging their networks of services and equipment providers;  
denying claims of people to save money; and/or  
billing them for the balance of bills in excess of  
what the tables of medical costs allow by law and contract, which  
constitutes balance billing and has been illegal since 1997<sup>(OL3:1611§A)</sup>  
because it defeats the purpose of medical costs limited by health insurance,  
thus prompting the recent adoption by Congress of the **No Surprise Bill Act**.**

**A. To lawyers, journalists, schools, patients, and  
Advocates of Honest Judiciaries**

1. The above-named entities have engaged in coordination consisting in harmonious conduct in support of common interests, described below. Thereby they have reached implicitly or explicitly reciprocal exoneration agreements providing that 'I help and protect you today and you help and protect me tomorrow'. They function as a collective entity 'too powerful to be held accountable'. As a result of their unaccountability, they have been able to form and operate a racketeering enterprise. Cf. Racketeer Influenced and Corrupt Organizations Act (**RICO**); 18 U.S.C. §§1961 to 1968; and **Enterprise Corruption**; NY Consolidated Laws, Penal Law-PEN §460. There is a lot of money to be grabbed through racketeering.
  - a. "The **Medicare Program** [has] 65.0 million beneficiaries and total expenditures of \$905 billion in 2022". It works with hundreds of health insurance and management organizations (HMOs), and medical services and equipment providers. All of them have common interests: pay the fewest claims and attract to, and maintain in their, networks the largest number of providers. To advance their interests they deny and uphold the denial of as many of their insureds' claims as possible; disregard their legal duty to accept as total payment the amounts stated in Medicare's and HMOs' schedules of fees for services and equipment; and condone the billing of insureds for the unpaid balance, which constitutes the illegal practice of 'balance billing'.
    - 1) Section 1902(n)(3)(B) of the **Social Security Act**, found in Title 42 of the **U.S. Code** of federal laws, as modified by Section 4714 of the **Balanced Budget Act** of 1997, P.L. 105-33, prohibits services and equipment providers from balance billing Medicaid QMBs (Qualified Medicare Beneficiaries) for Medicare cost-sharing. The provider is duty-bound statutorily and contractually to submit its bill to Medicaid and accept as full payment what Medicaid pays, as set forth in its fee schedules.

See also [Overview](#) of Medicaid Provisions in the Balanced Budget Act.

- 2) Knowledge of the prohibition on balance billing insureds is imputed to the provider because by law and contract it was informed of it: There is no need to prove that it had actual knowledge. The provider has 'superior knowledge' relative to the knowledge that insureds can reasonably be expected to have. The provider and the insureds do not deal at arm's length. When the provider takes advantage of this knowledge differential to balance bill an insured, it abuses its power.
  - b. Most insureds who appeal claim denials and balance billing appear pro se, unable to afford lawyers. Due to their ignorance of the law, they easily fall prey to abusive providers. Moreover, precisely because of their health problems, few have the substantial resources of emotional energy, let alone money, needed to struggle through four levels of appeal until reaching the Medicare Appeals [Council](#), whose decision is appealable to a U.S. district court.
2. The exposure of the providers' abuse of power can be set off by holding [UNPRECEDENTED CITIZENS HEARINGS](#). They are to be held by journalists, media outlets, IT experts, and [journalism, law, and IT](#) students and professors. Their venue will be media stations, school auditoriums, and via the Internet so that wherever abusees are, they can tell their [story](#) of the abuse that they have suffered or witnessed by providers and the other entities. At the citizens hearings, the abusees will shout self-assertively the rallying cry: *Enough is enough! We won't take any abuse by anybody anymore.*
3. Abusees can so [inform and outrage](#) the national public as to cause it to challenge the abusers' unaccountability through the electoral process and a class action. To that end, we can join forces to turn the above-named entities' coordinated [abuse of power](#) into a key issue of the presidential debates, the primaries, and the general election. This issue can attract the attention of the national public and politicians, whether principled or opportunistic, because "The [Medicare Program](#) is the second-largest social insurance program in the U.S.", after Social Security.
4. Together we can pioneer a multidisciplinary academic and [journalistic business venture](#); and launch of a civic, *MeToo!*-like movement arising from an informed and outraged national public ready to wield its strongest powers: electoral donating, volunteering, and voting. The venture and the movement can implement a concrete, reasonable, and feasible [plan of action](#) offering rewards:
  - a. The plan includes a [class action](#), for it can accomplish what abusees cannot proceeding individually. A class action win can force transformative change in the way health entities coordinate their abuse of patients, in particular, and of the national public, in general. Lawyers can win huge rewards: treble damages, attorney's fees, and national recognition that increases their number of clients; cf. the suits against tobacco, guns, and opioids entities.
  - b. Journalists who investigate([OL:194§E](#)) this story and join in holding the unprecedented citizens hearings can reasonably expect to be considered for a Pulitzer prize.
  - c. Students can be nationally recognized as the [youth](#) of the Montana climate case have been. They can parlay the experience gained by creating a niche law and investigative practice.
  - d. The media and the schools, suffering from low public esteem and income, can increase their appeal and profitability by becoming an engine of transformative socio-political change to be reckoned with. The schools can emerge as the fifth power for public accountability.
5. I offer to make via video conference or, if in NY City, in person, a [presentation](#) on the citizens hearings and the plan of action. See my contact information in the letterhead above. Consequently, this email and its link<sup>‡</sup> can be shared and posted widely to announce my offered presentation.

6. The presentation is supported by my professional [law research and writing](#), and [strategic thinking](#). They are the skills that have already produced my three-volume study<sup>\*†♣</sup> of judges and their judiciaries, titled and downloadable thus:

**Exposing Judges' Unaccountability and Consequent Riskless Abuse of Power:  
Pioneering the news and publishing field of judicial unaccountability reporting<sup>\*†♣</sup>**

7. The study discusses evidence supporting the axiom 'Unaccountability breeds abuse'. Its corollary is 'What [judges](#) allow themselves to do -exposed by [The Wall Street Journal](#) and [Thomson Reuters](#)-, others copy and exceed'.
- a. How many of the above-named entities and judges have found comfort and encouragement in the unethical and illegal practices that justices of the U.S. Supreme Court and the 'Friends of the Justices' have engaged in for decades, as revealed by [ProPublica](#); and that a [former President](#) has engaged in for years, as stated by NY State [Judge Arthur Engoron](#) in his decision on Trump and his business of Tuesday, 26 September 2023?
8. Some of my articles on unaccountability and abuse of power are posted to my website [Judicial-Discipline-Reform.org](#). They have attracted so many webvisitors and impressed them so positively that as of 22 October 2023, the number of visitors that had become subscribers was 49,036. They not only read what is in front of them, but also welcome more. They can reasonably be expected to be educated, influential, and capable of understanding how they are harmed by coordinated health entities and willing to support a class action against them.

**B. Thousands of emails to top Medicare and related officers and entities have met the silence of a coordinated cover-up**

9. [Thousands of emails](#) have been sent to dozens of top officers of Medicare and health insurer EmblemHealth for more than a year, who have left them unanswered. Their same conduct cannot reasonably be said to be merely coincidental. Their failure to answer constitutes the circumstantial evidence from which a reasonable inference can be drawn: It betrays the silence of a coordinated cover-up. So does their failure to provide discovery, disclosure, even a responsive brief to answer my complaint of 21 May 2022, and to enter default judgment as a consequence thereof.
10. Likewise, their failure to decide the appeal M-23-386, filed with the Medicare Appeals Council almost a year ago on 28 October 2022, betrays self-interested dereliction of duty and obstruction of justice. A sample of the email headers and text has been collected below. They were sent:

### **C. A similar case of coordinated abuse of power and cover-up involving prosecutors, police officers, and judges**

11. In the same vein are the thousands of emails and letters [sent](#), and phone calls made, to the dozens of prosecutors, police officers, and judges in the below bloc of email addresses since 7 June 2022, with no response, on the subject of:

#### **[Fabricated indictments\\*](#)**

**based on false and insufficient evidence presented to grand juries by prosecutors, police officers, and judges who abuse the jurors' ignorance of the law and untrained and uncritical judgment.**

**They reciprocally cover up leveraging fabricated indictments to coerce defendants into unfavorable plea bargains.**

**That leads to higher conviction rates, greater chances of reelection and promotion, and collection of IOUs to be cashed in when needed.**

**Thereby they gain a benefit by inflicting injury in fact on defendants, deprive them and the public of honest services, and obstruct justice.**

**They thus commit fraud, racketeering, and enterprise corruption.**

The proposal to expose the fabricators and their abuse of power through *unprecedented citizens hearings* ([¶2↑](#))

12. The many officers listed next have failed to respond though duty-bound to deal effectively with their constituents' grievances, especially those brought to their attention so repeatedly and for such a long time. Their conduct is non-coincidental. It is motivated by interests that can foreseeably be advanced by obstructing justice through an implicitly or explicitly coordinated cover-up. Any alleged willful ignorance and blindness is particularly inexcusable because of their duty of due diligence to know. Those officers have engaged in dereliction of duty and abuse of power. The abusees can tell their stories at the CITIZENS HEARINGS, thereby enabling the detection of patterns of circumstances where the fabricators fester and their modus operandi.

Subject: Supplemental brief of Dr Richard Cordero, Esq, in the appeal to the Medicare Appeals Council, docket # M-23-386

### **C. The latest brief to the Medicare Appeals Council, which controls the 4th level of appeal from a Health Management Organization (HMO) decision**

**NOTES:** Kindly acknowledge receipt of this email.

Next below had a consistent format when sent. If it shows irregularities when received, such as joined words, fonts of different sizes, varying interlinear spacing, or headings and paragraphs out of their proper hierarchical level, they crept in during transit and are beyond my control. Kindly overlook them. A pdf version of this article -as such likely to be free of irregularities- is found [here](#) and downloadable through the next link.

**Dr. Richard Cordero, Esq.**

Medicare Operations Division - Program Operations Branch  
U.S. Department of Health and Human Services - Departmental Appeals  
Board

OS DAB MOD Hotline (HHS/DAB) < [DABMODHotline@hhs.gov](mailto:DABMODHotline@hhs.gov) >  
tel. (202)565-0100; (866)365-8204; fax (202)565-0227

Dear Mr. Eng,

**A. Your pretense that the Supplemental Brief has not yet been filed in its entirety**

1. I received your email of March 21, 2023, reproduced hereunder, where you pretend that you received my fax with only the Table of Contents of my [Supplemental Brief](#)\* dated March 11, 2023, and requested that I either fax the whole Brief or mail it through the post.

\* [http://Judicial-Discipline-Reform.org/ALJ/23-3-11DrRCordero\\_supp\\_brief-Medicare\\_Appeals\\_Council.pdf](http://Judicial-Discipline-Reform.org/ALJ/23-3-11DrRCordero_supp_brief-Medicare_Appeals_Council.pdf)

2. The fact is that I faxed to (202)565-0227 not only the Table of Contents and the first 10 pages of that Brief, including the two pages from the Council officially acknowledging receipt of my e-filing that Brief and assigning to it docket # M-23-2791. On March 15, I also faxed also the whole of the Brief.

- a. That official acknowledgment of receipt also contains the docket number of my original [Brief on Appeal](#)†, namely, M-23-386, which I e-filed on October 28, 2022; in addition, that acknowledgment contains information identifying me. (Hereunder the noun "Brief" refers only to the Supplemental Brief, unless otherwise stated.)

† [http://Judicial-Discipline-Reform.org/ALJ/22-10-26DrRCordero-Medicare\\_Appeals\\_Council.pdf](http://Judicial-Discipline-Reform.org/ALJ/22-10-26DrRCordero-Medicare_Appeals_Council.pdf)

3. I have timely and properly filed the whole of my Supplemental Brief together with a separate file containing [exhibits](#)‡. The latter consist of your two letters to me dated February 15, 2023, and the emails hereunder since the first one of September 30, 2022, from HHS Administrative Legal Specialist James "Jim" Griepentrog to me.

‡ [http://Judicial-Discipline-Reform.org/ALJ/DrRCordero\\_OMHA\\_Council\\_emails.pdf](http://Judicial-Discipline-Reform.org/ALJ/DrRCordero_OMHA_Council_emails.pdf)

**B. Statements by you and Medicare favoring digital communication**

4. In your email to me of February 21, 2023, you wrote:

The Interim Correspondence/Order uploaded is the same letter that was mailed to you [on February 15] with a copy of the record. You can upload your own correspondence once you are able to log into your account on the MOD E-File website.

- a. Therefore, before sending me your email, you should have done your due diligence by checking my "account on the MOD E-File website" to see whether I had been "able to...upload my own correspondence", that is, the Supplemental Brief. Had you bothered to do so, you would have found that I had done so more than a week earlier on March 13 at 8:28 a.m., and would not have sent me your email of March 21.

5. Council Appeals Form DAB-101 (12/19) states, "If you send a fax, please do not also mail a copy".

6. Your colleague, Mr. Jon Dorman, Director, Appeals Policy and Operations Division, Office of Medicare Hearings and Appeals, (HHS/OMHA) < [Medicare.Appeals@hhs.gov](mailto:Medicare.Appeals@hhs.gov) >, wrote in his email to me of October 28, 2022:

You may submit a written request for review to the Medicare Appeals Council using one of three available methods: mail, fax, or electronic filing (E-File). This information is contained in your Notice of Decision.

7. In the same vein, the Departmental Appeals Board Medicare Operations Division Electronic Filing System states at <https://dab.efile.hhs.gov/mod/> the following:

A party may choose to file a document by mail or fax instead of using MOD E-File. However, the Medicare Operations Division recommends that parties with the capability to file documents electronically use MOD E-File.

- a. Knowledge of this recommendation of your own Division is imputed to you.

8. Both the Table of Contents and the Supplemental Brief hereunder emailed to you et al. daily for more than a week had given you all notice that I had e-filed my whole Brief and even provided its docket number, to wit, M-23-2791. Consequently, you had no justification for disregarding that repeatedly given notice and requiring that I either fax or mail the Brief, lest it not be considered filed.

### **C. My effort to refax the Supplemental Brief**

9. For good measure, I have tried to refax the Brief to the fax # (202)565-0227 that you provided in your March 21 email, which is the same that used originally to fax my Supplemental Brief successfully. However, that number now invariably returns the message "No answer". As a result, my fax does not go through.

10. I called the Medicare Appeals Council at tel. (202)565-0100 and (866)365-8204, but could only record messages. Subsequently, your colleague Ms. Amy called me. After I told her

that I had faxed the whole of my Supplemental Brief and that I wanted to communicate with you, she said that she was sending an email to you to that effect.

- a. Our call dropped 4 times. Ms. Amy called back three times. After the second and the third drop, she took quite some time to call back. She said that she had been emailing you to inform you of my statement that I had e-filed and faxed the whole Brief and wanted to communicate with you. However, I have not received any email or call from you in response to her emails to you.

11. I sent the whole of my Supplemental Brief in my email of Sunday, 12 March, to you and your colleagues as well as the parties♠; it is included in the email thread below. I have resent it daily since then because I have not received either from you or anybody else explicit acknowledgment of receipt of it, although some "Automatic replies" have done so implicitly.

♠ [DABMODHotline@hhs.gov](mailto:DABMODHotline@hhs.gov), [OSDABImmediateOffice@hhs.gov](mailto:OSDABImmediateOffice@hhs.gov), [notifications@dab.efile.hhs.gov](mailto:notifications@dab.efile.hhs.gov), [medicare.appeals@hhs.gov](mailto:medicare.appeals@hhs.gov), [appeals@dab.efile.hhs.gov](mailto:appeals@dab.efile.hhs.gov), [james.griepentrog@hhs.gov](mailto:james.griepentrog@hhs.gov), [erin.brown@hhs.gov](mailto:erin.brown@hhs.gov), [erin.nugent@hhs.gov](mailto:erin.nugent@hhs.gov), [john.colter@hhs.gov](mailto:john.colter@hhs.gov), [sherese.warren@hhs.gov](mailto:sherese.warren@hhs.gov), [kathy.greene@hhs.gov](mailto:kathy.greene@hhs.gov), [kathy.hanford@hhs.gov](mailto:kathy.hanford@hhs.gov), [jon.dorman@hhs.gov](mailto:jon.dorman@hhs.gov), [alethia.wimberly@hhs.gov](mailto:alethia.wimberly@hhs.gov), [leslie.mcdonald@hhs.gov](mailto:leslie.mcdonald@hhs.gov), [hillary.didona@hhs.gov](mailto:hillary.didona@hhs.gov), [corderoric@yahoo.com](mailto:corderoric@yahoo.com), [rajda.nachampassak@hhs.gov](mailto:rajda.nachampassak@hhs.gov), [osomhahearingtechsupport@hhs.gov](mailto:osomhahearingtechsupport@hhs.gov), [dawn.kos@hhs.gov](mailto:dawn.kos@hhs.gov), [Dr.Richard.Cordero\\_Esq@verizon.net](mailto:Dr.Richard.Cordero_Esq@verizon.net)

12. Therefore, you, Mr. Eng, the Council, and your colleagues have knowledge of both the whole of my Brief and its exhibits that is:
  - a. official, as attested by the acknowledgment of my e-filing them;
  - b. actual, as attested by the whole text of the Brief reproduced hereunder and emailed to you daily since more than 10 days ago;
  - c. imputed, given that you acknowledged having received the faxed Table of Contents;
  - d. constructive, given that they are downloadable through the links set forth in ¶¶ 1 and 3 above; and the links that HHS, OMHA, and EmblemHealth officers and I exchanged in the past have established the precedent that links constitute an acceptable way of communicating.

**D. A pretense in a pattern of pretenses that offend against tenets of professional conduct**

13. A long-standing and widely accepted rule of professional conduct for lawyers is that 'lawyers must not only avoid impropriety, but also the appearance of impropriety'.
  - a. Lawyers are officers of the court. Judges are required to observe and enforce on lawyers and their staff Canon 2 of the [Code of Conduct](#) for U.S. Judges, which provides precisely that duty to avoid even the appearance of impropriety.
  - b. In line with it, 28 U.S.C. §455 provides that "Any justice, judge, or magistrate judge of the United States shall disqualify himself in any proceeding in which his impartiality might reasonably be questioned". This illustrates the objective nature of the rule, whereby the conduct is assessed as it appears to be to a reasonable person acquainted with the facts.
  - c. A rule based on an appearance constitutes a standard of assessment even lower than the lowest standard of proof, to wit, by a preponderance of the evidence.
14. The rule is supported by a tenet tersely expressed thus: "Justice should not only be done, but should manifestly and undoubtedly be seen to be done". (*Ex parte McCarthy*, [1924] 1 K. B. 256, 259 (1923). Cf. "Justice must satisfy the appearance of justice", *Aetna Life Ins. v. Lavoie et al.*, 475 U.S. 813; 106 S. Ct. 1580; 89 L. Ed. 2d 823 (1986)).
15. Your pretense that I only filed the Table of Contents of my Supplemental Brief appears to be a continuation of the pattern of your pretenses in your emails and letters, e.g., that on the CD that you sent me on February 15, you provided the evidentiary materials that I had requested from you and your colleagues for months on end, i.e., since April 12, 2022, which I demonstrated in the Supplemental Brief to be false.
16. Your request that I fax the Supplemental Brief -but your fax machine does not answer- or mail it through the post -though the Council itself requests appellants not to submit through both means- has the appearance of rank chicanery.
17. It appears as if you were laying the basis for alleging that I failed to submit any response to the CD that you belatedly sent me with demonstrably incomplete and manipulated files, as shown in the Supplemental Brief, whereby the Council would not be able to consider that Brief and learn about it.

#### **E. Requested action**

18. Consequently, I respectfully request that you:
  - a. acknowledge receipt of my Supplemental Brief and its exhibits;
  - b. state that they will be submitted to the Council for consideration together with my original Brief on Appeal and exhibits; and

- c. send me the citation of the statutory or regulatory provision that is the basis for your pretense in your March 21 email that:

We are prohibited from clicking on outside links and downloading documents from outside links. We are unable to answer your daily emails and associate your emails to the case file.

- 1) That is a shocking pretense! You make it now for the first time in the more than 9 months of communicating through emails with links to and from the Office of Medicare Hearings and Appeals, the Medicare Appeals Council, and me, never mind the numberless links contained in the official websites of Medicare, OMHA, and the Council.
- 2) "*The official U.S. government Medicare Handbook, 'Medicare & You 2023'*", published by the Centers for Medicare and Medicaid Services of the Department of Health & Human Services, provides on page 14 as follows:

**Review your handbook online [also called the "eHandbook"]**

Help Medicare save money by switching to the electronic version of this handbook. Log into (or create) your secure Medicare account at [Medicare.gov](https://www.medicare.gov) to switch to the electronic handbook. We'll email you a link to a PDF version instead of sending a paper copy in the mail each fall.

- 3) Medicare highlights the benefits for its insureds from communicating with it electronically, such as, it saves money, is fast, secure, convenient, etc. At <https://www.medicare.gov/go-digital>, it sets forth the reasons at length for communicating electronically:

**Go digital**

Sign up for our electronic resources to get key Medicare information fast.

Free & secure Medicare account

[Create an account](#) to access your Medicare information anytime. You can also:

- Add your prescriptions and pharmacies to help you better compare health and drug plans in your area.
- Sign up to get your yearly "Medicare & You" handbook and claims statements, called "Medicare Summary Notices," electronically.

- View your Original Medicare claims as soon as they're processed.
- Print a copy of your official Medicare card.
- See a list of preventive services you're eligible to get in Original Medicare.
- Learn about your Medicare premiums, and pay them online if you get a bill from Medicare.  
Electronic "Medicare & You" handbook (also called the "eHandbook")

The [eHandbook](#) is an electronic version of your trusted "Medicare & You" handbook. You can help Medicare save tax dollars by switching to the eHandbook. We'll email you a link to the online PDF version of "Medicare & You" instead of sending you a paper copy each fall. If you want to get your next fall handbook electronically, sign up by May 31st.

### **How to sign up for the eHandbook**

1. [Log into \(or create\) your Medicare account](#) and select "My account settings."
2. Under the "Email and document settings" section at the top of your account homepage, select "Edit" next to Medicare & You Handbook.
3. Under "How do you want to get your Medicare & You Handbook?" select "Electronically" then "Save Changes".

### **Electronic Medicare Summary Notices (eMSNs)**

The eMSN is an electronic version of your Original Medicare claims statements, called a Medicare Summary Notice (MSN). If you choose eMSNs, you won't get printed copies of your MSNs in the mail. You'll get an email every month when MSNs are available in your Medicare account, instead of waiting 3 months for a paper copy. With eMSNs, you can:

- Eliminate stacks of paper – save or print only what you need
- Track your monthly claims and costs
- Check your remaining deductible amount

- Catch errors in billing and services
- Help [prevent fraud](#) by making sure you're billed only for the services you've gotten

### How to sign-up for eMSNs

1. [Log into \(or create\) your Medicare account](#) and select "My account settings."
2. Under the "Email and document settings" section at the top of your account homepage, select "Edit" next to Medicare Summary Notices (MSNs).
3. Under "How do you want to get your MSNs?" select "Electronically" then "Save Changes."

### Electronic publications (eBooks)

Get electronic versions of [Medicare publications](#). Even when they aren't available in print, some publications are available in a variety of [eBook formats](#) – which means you can download them to your favorite brand of eReader and take them with you wherever you go.

### F. Files on the appeal to the Medicare Appeals Council

19. **Statement on Appeal** to the Administrative Law Judge in the OMHA Phoenix, AZ, and Atlanta, GA, Field Offices; 21may22; [http://Judicial-Discipline-Reform.org/ALJ/22-5-21DrRCordero\\_Statement\\_on\\_Appeal.pdf](http://Judicial-Discipline-Reform.org/ALJ/22-5-21DrRCordero_Statement_on_Appeal.pdf)
20. **Motion** to recuse ALJ Denis Yanohira of the OMHA Phoenix, AZ, Field Office; [http://Judicial-Discipline-Reform.org/ALJ/22-6-3DrRCordero\\_motion\\_recuse\\_ALJDYanohira.pdf](http://Judicial-Discipline-Reform.org/ALJ/22-6-3DrRCordero_motion_recuse_ALJDYanohira.pdf)

March 11, 2023

Medicare Appeals Council docket # M-23-386,  
appeal filed on October 28, 2022

Medicare ALJ hearing # 3-1081 7205 455

ECAPE Id. # E1021112

Appellant's Medicare Id. # 8G24-KQ8-WV67

Appellant's EmblemHealth Id. # K405 191 5001

Health Insurance Plan of Greater New York (HIP) = EmblemHealth cases #  
1063 8576, et al.

**Dr. Richard Cordero, Esq.**

**Appellant**

**v.**

**Health Insurance Plan of  
Greater New  
York=EmblemHealth;  
and Maximus Federal Services  
Appellees**

**Appellant's Supplemental Brief[1]**

**requesting**

**production of withheld evidentiary  
materials**

**and**

**corresponding deferred action by the  
Council**

**Table of Contents**

A. The foundation for this Supplemental Brief: Council Branch Chief David Eng's CD of 15 February 2023.....	56
B. The pretense of providing "the requested administrative record" and assistance.....	57
1. Two of the three folders on the CD do not open.....	57
2. The third folder has a pro forma number of files and excludes two-party phone recordings, revealing cherry-picking disingenuousness and bad faith.....	58
3. A "Report of Contact" on ex parte communications between the Phoenix Emblem shows that they knew that Dr. Cordero's appeal had been denied even before the ALJ hearing date had been set.....	64
4. Pattern of withholding evidence needed for hearings, briefs, and the record on appeal to the Council, the Board, and a district court .....	68
a. Maximus and Emblem withheld the redetermination decision.....	68
b. Maximus withheld from Dr. Cordero the record that it filed with the Phoenix Office .....	68
c. The Phoenix Office endeavored to withhold Maximus's record.....	68
d. The Council withheld the Griepentrog "Case File" .....	70
5. The pretense of being interested in receiving a Notice of Decision file that could be opened.....	75
6. The pretense of Mr. Eng and the "...Immediate..." and "...Hotline..." offices that they can assist with digital access problems .....	78
C. Action requested.....	78
D. Service List .....	81
E. Verification .....	81

**F. Table of Exhibits 81**

\*\*\*\*\*

**A. The foundation for this Supplemental Brief: Council Branch Chief David Eng's CD of 15 February 2023**

Mr. David Eng (hereinafter Mr. Eng)  
Branch Chief, Program Operations  
tel. (202)565-0100; fax 202-565-0227

Departmental Appeals Board, MS 6127  
Medicare Appeals Council (the Council)  
330 Independence Avenue  
Cohen Building, Room G-644  
Washington, DC 20201  
tel. (202)565-0100; toll free: (866)365-8204

sent appellant Dr. Richard Cordero, Esq., (Dr. Cordero) two letters dated February 15, 2023 (Exhibits:83-85 below), which he received on February 21 and which are attached hereto<sup>1above</sup> as exhibits. In one of them, Mr. Eng pretends that:

*Pursuant to your request*, enclosed please find a compact disc (CD) containing a copy of the administrative record, including the documentary exhibits and a recording of the ALJ [Administrative Law Judge] hearing".[*italics added*]...

The Council also grants you an extension of time to review the record and submit a supplemental brief. The Council will defer action for a period of 30 days from the date of this letter.

You may send your submissions to the above address or by fax to 202-565-0227.

**B. The pretense of providing "the requested administrative record" and assistance**

2. The word 'pretend' is warranted by the conduct of Mr. Eng. On his CD of 15 February 2023, he did not send Dr. Cordero the evidentiary materials that the latter has been repeatedly requesting for more than a year, as shown next.

**1. Two of the three folders on the CD do not open**

3. Of the three files on the CD, two cannot be opened because they bear esoteric extensions, i.e., .dmg and .epm. This explains why neither Acrobat nor another similar application, Ashampoo PDF, can open them: They are not even .pdf files. And neither are

they Microsoft Office files.

4. When attempting to open the first two files, these are the results:

**2. The third folder has a pro forma number of files and excludes two-party phone recordings, revealing cherry-picking disingenuousness and bad faith**

5. When clicking the third link, a dialog box opens, and the password that Mr. Eng provided on one of his February 15 letters must be used; then the third folder opens:

6. The contents of the above passworded folder show that Mr. Eng sent Dr. Cordero only four documents and 12 phone recordings. They represent a pro forma number out of the scores of documents generated and phone discussions conducted in, generally, this case, and, particularly, this appeal, involving officers at:

- a. the headquarters and field offices of the Office of Medicare Hearings and Appeals (OMHA)
- b. the Council
- c. Medicare
- d. the Department of Health and Human Services (HHS)
- e. the HMO EmblemHealth (Emblem) and
- f. Maximus Federal Services (Maximus).

7. Neither of the 12 phone recordings are of discussions between two parties: 11 are recordings of only messages that Dr. Cordero left on officers' answering machines; and one is of a message left by Inspector Cory Hogan of the Federal Protective Services of Homeland Security(¶48 below).

8. Accordingly, those phone recordings exclude OMHA, Council, Medicare, and HHS officers, and other third parties, except for Inspector Hogan, so that they may not embarrass or incriminate themselves or each other or be impeached with their own words. That shows cherry-picking intentionality on the part of those who gathered or accepted the recordings, such as Mr. Eng.

9. The file titled "524459\_Other\_1661355992706312298\_3-10817205455 00046" is a .mp4 audio file with no video. In the quotation in ¶1 above from one of his February 15 letters, Mr. Eng states that "the administrative record" that he sent Dr. Cordero includes "the documentary exhibits and a recording" rather than '*the* recording' of the ALJ hearing held on August 8, 2022, before ALJ Loranzo Fleming (ALJ Fleming), the chief of the OMHA Atlanta Field Office (Atlanta Office).

10. That kind of reference begs the questions whether there are or were other versions of that hearing and, if so, where they are or were; why they were not sent to Dr. Cordero; and why the one sent was chosen to be sent on the CD.
11. The above demonstrates that the contents of the CD are a self-servingly selected set of materials. For proof, there is the official "Index of the Administrative Record and Exhibit List" (page 62 below) that ALJ Fleming included in his "Notice of Decision"[2] of August 24, 2022.
12. Even ALJ Fleming's official "Index" is incomplete: It does not include anything that took place since ALJ Denis Yanohira (ALJ Yanohira) recused himself in mid-June 2022, thus opening the way for the transfer of the hearing request from the OMHA Phoenix, AZ, Field Office (Phoenix Office) to the Atlanta Office
13. Nor does it include the many phone discussions involving his Atlanta Office, the OMHA headquarters, and Dr. Cordero, and concerning, among other things:
  - a. Dr. Cordero's request for evidentiary materials to prepare for the ALJ hearing that ALJ Fleming was to, and did, preside over on August 8;
  - b. holding Emblem and Maximus in default for failing to answer the May 22 Statement on Appeal[3] of Dr. Cordero and positioning themselves to ambush him at the hearing with allegations and arguments never before made;
  - c. Dr. Cordero's request for the audio/video recording of the hearing to prepare his motion[4] for ALJ Fleming to recuse himself or be disqualified; and
  - d. ALJ Fleming's refusal, stated by his legal assistant, Mr. Andre Rutledge, tel. (470)633-3424, to acknowledge receipt of Dr. Cordero's August 17 motion for his recusal because it had been filed electronically instead of being printed and mailed. That was a pretext in defiance of the fact that OMHA offers the options of filing through its e-file system and by fax, and corresponds through email. The pretense requirement of yet another pretender!
14. Similarly, the "Index" must be updated to include all the documents produced and phone discussions alluded to by Legal Administrative Specialist US HHS OMHA James "Jim" Griepentrog (§158 below; Mr. Griepentrog) in his email of September 30[5], where he referred to Dr. Cordero's "repeated requests...for full discovery of relevant communications"(§107.b.3 below).
15. There is more to add to that "Index": the many documents and phone discussions referenced in Dr. Cordero's Brief on Appeal[6] to the Council dated October 26, 2022.
16. This means that the update to the "Index" of August 24, 2022, must include all the

evidentiary materials and phone discussions that have been generated in the more than six months since the "Index" was composed.

- a. Actually, it must cover well over the past eight months given that June 6 is the latest date bore by any File therein, i.e., File 36; and the last "Index" entry is the ALJ hearing, File 48, which took place on August 8.

17. Mr. Eng knew and should have known had he proceeded with due diligence that his CD of February 15, 2023, was not what Dr. Cordero had requested to prepare his appeal to the Council and include in the record of an eventual appeal to the Medicare Appeals Board (Board) and a federal district court. Its contents are patently incomplete. Given that "people are deemed to intend the foreseeable consequences of their actions", Mr. Eng intended his withholding of what was requested to make his CD a vehicle of concealment of evidentiary materials.
18. Those who cherry-picked the evidentiary materials and phone recordings on the CD are agents of OMHA, the Council, Medicare, and HHS, who are their principals. Their pretense of sending Dr. Cordero that CD "*Pursuant to your request*" shows that they have conducted themselves disingenuously and in bad faith. Thereby they have rendered their principals liable due to their misconduct within the scope of their employment.

**3. A "Report of Contact" on ex parte communications between the Phoenix Office and Emblem shows that they knew that Dr. Cordero's appeal had been denied even before the ALJ hearing date had been set**

19. File "524461\_1-10817205455\_ALJ Case File\_1-51\_2" is a dump for 2,087 pages with no index or table of contents and no master document referring to its pages. What kind of professional makes a record that way? Of what use is something like that for the administration of an office, let alone the administration of justice? It is a pretense of a record intended to deter anybody from reviewing it and thereby conceal embarrassing, incriminating, and impeaching materials.

20. By laboriously overcoming that intent, one reaches page 1898 on the file's page thumbnail pane, File 14(Council:67 below). It contains a "Report of Contact" between caller paralegal Luz Campos of HMO EmblemHealth and callee Deniese Elosh, Legal Assistant to ALJ Denis Yanohira in the Phoenix Office. In "Section 3: Provide a summary of contact", Assistant Elosh reported the following:

MA Plan to request information for reason of denial of appeal. QIC decision was sent, via fax, to contact.

21. About what appeal that had been denied was Emblem requesting information? Emblem could not possibly have been referring to the denial of Dr. Cordero's claim that it had reconsidered only to affirm its own denial of it.

22. Thereafter, Emblem took the initiative on January 12, 2022, to submit its denial to Maximus Federal Services for a redetermination. By letter of February 15, 2022, Maximus informed Emblem, but not Dr. Cordero, that it had determined that Emblem's reconsideration denial was correct because Medicare did not cover Dr. Cordero's claim.

23. Three months later, Emblem would not have asked the Phoenix Office to inform it of Maximus's reason for its redetermination in its favor. Emblem had been informed of it by Maximus itself.

24. The "denial of appeal" that Emblem could request to know the reason for could only have been Dr. Cordero's appeal. But how could the Phoenix Office have denied Dr. Cordero's appeal by May 11 before the date for the ALJ hearing had even been set, never mind the hearing held on August 8 in another OMHA field office, i.e., that in Atlanta, and a transferee ALJ, namely, ALJ Fleming, different from the originally assigned one, ALJ Yanohira, had issue his decision on August 24?

25. If the QIC (Qualified Independent Contractor) referred to is Maximus, how could it have been the one that had decided by May 11 whether Dr. Cordero's appeal was to be upheld or denied, never mind the fact that Dr. Cordero did not file with the Phoenix Office and served on both Emblem and Maximus his Statement on Appeal<sup>3 above</sup> until May 22?

26. Why was QIC Maximus allowed to submit its decision only to the Phoenix Office without being required to serve it on all the parties, including Dr. Cordero, although all parties are required to serve on the parties any paper that they file with an Office or the Council?

27. Maximus and the Phoenix Office engaged in an impermissible ex parte communication. Their engagement in it offends against due process and the requirements of transparency, equal treatment of all parties, impartiality, and the prohibition in Canon 2 of the Code of Conduct for United States Judges[7] against "even the appearance of impropriety" by judges.

28. How did Emblem learn that the appeal had been denied and only was requesting the Phoenix Office to let it know the reason for it?

29. It is absolutely incontrovertible that the decision that the Phoenix Office faxed to Emblem was not the record that Maximus had filed with that Office without serving it on Dr. Cordero: It ran to 1,800 pages!

30. By Emblem requesting information and the Phoenix Office providing it without informing Dr. Cordero thereabout and providing it to him, they too engaged in an impermissible ex parte communication.

31. That May 11 "Report of Contact" reports on another contact:

05/24/2022: 8:15 AM MA Plan requested information for pertaining to this appeal: copy of the Case File was sent, via fax to contact.

32. What information about the appeal did Emblem request from the Phoenix Office and what "Case File" did the Office provide it, all in another ex parte communication?

33. What is the difference between an "Administrative Record" and a "Case File", which is short enough to be faxed yet informative enough to warrant its ex parte request by one of the parties?

34. The Phoenix Office, Emblem, and Maximus coordinated explicitly or constructively a complicit agreement to decide the appeal and inform each other ex parte of the decision denying Dr. Cordero's appeal. They participated in the process of setting up and holding the ALJ hearing pro forma: It was a pretense.

35. They knowingly and thus intentionally went through the motions to the detriment of Dr. Cordero, who was caused to waste his effort, time, money, and emotional energy in preparing and attending an ALJ hearing already decided against him.

36. By contrast, they reaped the benefit of knowing in advance their coordinated outcome of the hearing so that they could adjust their conduct accordingly. As a result:

a. Emblem did not bother to answer Dr. Cordero's Statement on Appeal<sup>3</sup>  
above when he filed and served it 10 days later on May 22: The appeal denial was a done deal. Emblem had no need to waste resources researching, writing, filing, and serving an answer.

b. Maximus did not bother either to answer his Statement or even attend the hearing.

37. Emblem and Maximus in coordination with the Phoenix Office and its principal, OMHA, committed fraud on Dr. Cordero.

38. What a scandal if it were exposed that the OMHA Phoenix Office, Maximus, and Emblem had coordinated the decision of an appeal before appellant had even filed his statement on appeal and a hearing had been held! Rather than holding a hearing, they staged the viewing of a travesty of justice. If so:

a. How many other appeals have they decided through such ex parte coordination, thus committing fraud on the public?

b. Qui bono: Who else benefits therefrom?

- c. Do other OMHA offices and their headquarters decide appeals that way
- d. Who else knows about such ex parte coordination of appeal decisions and how high are they in the hierarchy of OMHA, Medicare, the Council, HHS,...and Homeland Security too?

39. Avoiding the scandal's individual and institutional dire civil and criminal consequences provides a reason for the coordinated complicit agreement to withhold from Dr. Cordero the evidentiary materials that he has requested from all those parties as well as Maximus and Emblem for more than a year. No wonder they withheld their phone discussions from the CD that Mr. Eng sent Dr. Cordero on February 15, 2023. They coordinated their concealment of evidentiary materials.

#### **4. Pattern of withholding evidence needed for hearings, briefs, and the record on appeal to the Council, the Board, and a district court**

- a. Maximus and Emblem withheld the redetermination decision

40. What follows summarizes a more detailed account<sup>1, 2</sup> that demonstrates that Mr. Eng's conduct is in line with a pattern of conduct intended to withhold evidentiary materials from Dr. Cordero. The latter needed those materials to support his claims to Emblem; prepare for the ALJ hearing; write his appeal to the Council; and make it part of the record of an eventual appeal to the Board and a federal district court.

41. Maximus never sent Dr. Cordero its decision dated February 15, 2022, supporting Emblem's reconsideration that denied his claim for medical services. He called Emblem to ask why he had not received Maximus's decision although he had received Maximus's letter dated January 21, 2022, informing him that it had been tasked by Emblem with redetermining Emblem's denial and letting him know that it would inform him of its decision.

42. Emblem admitted that it had received Maximus's redetermination affirming Emblem's denial. Dr. Cordero asked for a copy. Emblem agreed to send it to him but failed to do so. He had to request it again and insist that it be emailed to him while its representative, Grievance and Appeals Supervisor Sean Hillegass, tel. (646)447-0617, was on the phone with Dr. Cordero. Maximus and Emblem had coordinated their effort to make Dr. Cordero miss the deadline for requesting an ALJ hearing.

#### **b. Maximus withheld from Dr. Cordero the record that it filed with the Phoenix Office**

43. Maximus never sent Dr. Cordero a copy of the record that it filed with the OMHA Phoenix Office. Dr. Cordero found about it by accident upon asking questions of Deniese Elosh, Legal Assistant to ALJ Yanohira, when she called him on May 3, 2022, to set up the date of the ALJ hearing in the Phoenix Office.

44. At his repeated request, she sent him what she said constituted the record filed by Maximus: "about 100 pages". But he found out through a third-party, namely, Inspector Cory Hogan(¶48 below), tel. (602)513-3689 of the Federal Protective Services of Homeland Security, that in fact Maximus had filed a record consisting of 1,800 pages!

45. Maximus intended to conceal embarrassing, incriminating, and impeaching evidence in an avalanche of irrelevant and extraneous digital paper with no index or table of contents: paper merely slapped together to carry out a cover-up. Maximus committed spoliation.

46. Many of those pages had never been even referred to, much less discussed, by any of the more than 15 Emblem supervisors<sup>6 above</sup> who for the more than 8 months since September 8, 2021, when Dr. Cordero first called Emblem to make a claim for medical services, incompetently dealt with his claim. Irresponsibly, they passed him from one to the other.

### **c. The Phoenix Office endeavored to withhold Maximus's record**

47. The ALJ hearing that Dr. Cordero requested in April 2022 was first assigned to ALJ Denis Yanohira in the Phoenix Office. The ALJ's Legal Assistant, Deniese Elosh, called Dr. Cordero on May 3 to set up the date for it. He asked her how there could be a hearing without the parties first stating their position and having discovery. She blurted that Maximus Federal Services had filed "the record". Dr. Cordero protested that Maximus had not served that "record" on him.

48. Dr. Cordero had to call Legal Assistant Elosh repeatedly to request that she send him a copy of that "record". But she would neither pick up the phone nor respond to the messages that he recorded on her answering machine. Instead, she reacted by filing with the Federal Protective Services of Homeland Security a complaint against him for harassing and threatening her, as if Dr. Cordero were a terrorist! You can pass judgment on whether Dr. Cordero did that: listen to the phone recordings that Mr. Eng put on the CD that he sent Dr. Cordero on February 15, 2023.

49. It is quite difficult to imagine that Assistant Elosh took on her own initiative that step, most unwarranted and fraught with consequences, of complaining about Dr. Cordero to the Federal Protective Services. She had no personal reason to withhold 'the record' from him. This provides probable

cause to believe that she acted on the instructions of her boss, ALJ Yanohira.

50. On May 17, 2022, Inspector Cory Hogan of the Federal Protective Services called Dr. Cordero to investigate the complaint of Legal Assistant Elish. He must have found it so unfounded and abusive that it was he who caused her to send Dr. Cordero "the record" in its entirety on a CD: 1,800 pages!, as opposed to the 'about 100 pages' that she had told Dr. Cordero that 'the record' consisted of.

51. Dr. Cordero moved<sup>3 above</sup> for ALJ Yanohira to recuse himself or be disqualified, for he, as principal, bore responsibility for the actions of his agent. Also, he asked in his motion for the hearing to be held at another OMHA field office because his colleagues in his own Office could be motivated by a complicit reciprocal protection agreement to teach Dr. Cordero the lesson: *Never mess with anyone of us judges and our assistants!*

52. That lesson was shockingly expressed by Then-Judge, Now-Justice Neil Gorsuch when he went to the U.S. Senate to pay courtesy visits to the senators who would vote on the confirmation of his nomination to the Supreme Court by President Trump. He was asked by journalists what he thought about the President's disparaging reference to "the so-called judge of Mexican heritage", namely, U.S. District Judge Gonzalo Curiel, who was presiding over the Trump University lawsuit and had issued rulings unfavorable to the President: His answer was:

An attack on one of our brothers and sisters of the robe is an attack on all of us.

53. That is the expression of judges' gang mentality: 'Right or wrong aint making no different what we do cause the only thing that matters is your one of us or em.' That is how gang members speak and judges think.

54. ALJ Yanohira denied the motion. Dr. Cordero appealed to the Council on June 3, 2022[8]. It neither acknowledged receipt nor disposed of that appeal; but ALJ Yanohira withdrew his previous denial order and recused himself by means of an undated form rubberstamped with his name in print that Dr. Cordero received in the mail on or around June 22, 2022.

55. The ALJ hearing was transferred from the Phoenix to the Atlanta Office and assigned to the chief, ALJ Fleming. His disregard of due process and disrespect of Dr. Cordero during the hearing on August 8 manifested his bias against him. Hence, on August 17, Dr. Cordero moved<sup>4 above</sup> for ALJ Fleming to recuse himself or be disqualified. The Judge did not even acknowledge receipt of that motion at any time, let alone dispose of it in his decision<sup>2 above</sup> of August 24, which was unfavorable to Dr. Cordero.

56. Was there any complicit agreement whether explicit or implicit between

the Phoenix and Atlanta ALJs to ensure that ALJ Fleming would teach Dr. Cordero the lesson?

57. ALJ Fleming has every interest in withholding all phone recordings, or for that matter, any other evidentiary materials that may be used to disqualify him and/or vacate or reverse his decision, or that may provide the basis for Dr. Cordero to embarrass, incriminate, or impeach him or any fellow judge or their assistants wherever they may be.

**d. The Council withheld the Griepentrog "Case File"**

58. Dr. Cordero made countless phone calls in his effort to overcome the runaround that those withholding the requested evidentiary materials were giving him. During that effort, he happened to have phone discussions in September 2022 with:

Mr. James "Jim" Griepentrog  
Legal Administrative Specialist  
US Dept of Health and Human Services  
Office of Medicare Hearings and Appeals  
Arlington Field Office  
Presidential Tower  
2550 S Clark St, Suite 3001  
Arlington, VA 22202-3926  
866-231-3087 (Toll Free)  
571-457-7200 (Main)  
571-457-7262 (Desk Phone) "CU-04" or 571-457-7290 (JC)  
703.603.1812 (FAX) "Attn Jim G or SLAS/Pool"  
E-mail: [james.griepentrog@hhs.gov](mailto:james.griepentrog@hhs.gov)

59. As a result, on September 30, 2022, Mr. Griepentrog sent Dr. Cordero an email<sup>5 above</sup> bearing "Subject: Re Partial Case File Req Processed and Ready to Proceed" together with the UPS Tracking # 1ZA5361A0391799687.

60. Yet, the return of tracking that number stated:

"Shipper created a label, UPS has not received the package yet".

61. Therefore, Dr. Cordero made his request unambiguous in his email<sup>5 above</sup> of October 4, 2022, to Ms. Erin Brown, Senior Legal Supervisor, and to Mr. Griepentrog, her supervisee, in paragraph:

5. Therefore, I hereby formally request that you, Ms. Brown, and you, Mr. Griepentrog, see to it that without further delay there are sent to me on a USB stick, otherwise, on a CD disc, a copy of:

a. the recorded hearing on August 8 before ALJ Loranzo Fleming in the

OMHA Atlanta Office;

b. all communications concerning any person or issue in this case, including by email, voice mail, telephone conversation, letter, and "Report of contact" in person, between:

1) anybody in the OMHA Phoenix, AZ, Field Office (internal communications)

2) anybody in the OMHA Atlanta, GA, Field Office (internal communications)

3) anybody in the Phoenix Field Office and the Atlanta Field Office (external communications)

4) the Medicare Appeals Council, with which I already filed an appeal on June 3, 2022<sup>[8 above]</sup>, [from ALJ Yanohira's denial of Dr. Cordero's motion<sup>3 above</sup> for his recusal or disqualification, of which the Council never even acknowledged receipt] and anybody in the Phoenix and Atlanta Offices; and/or EmblemHealth and Maximus;

5) anything else that a reasonable and honest person acting fairly and impartially and intent on abiding by the command "If in doubt, disclose", would consider directly or indirectly relevant to this appeal, whether relating to the key or the important issues mentioned hereabove or as background providing context to anybody or entity somehow related to this appeal.

62. Mr. Griepentrog's superiors must have realized that they first had to censor even his "Partial Case File" for embarrassing, incriminating, and impeaching contents. So, they prevented 'UPS from receiving the package' at all. They coordinated their withholding from Dr. Cordero of evidentiary materials that he needed to write his brief on appeal and that one of their own legal administrative specialists, Mr. Griepentrog, had found and was "Ready to Proceed" to mail to him.

63. Neither Legal Supervisor Brown, Mr. Griepentrog, nor anybody else ever answered that request for evidentiary materials. In fact, Supervisor Brown has never replied to the emails that Dr. Cordero has sent to her email address [Erin.Brown@hhs.gov](mailto:Erin.Brown@hhs.gov) or returned the phone messages that he has recorded on her answering machine at tel. (216)462-4121. Supervisor Brown illustrates the unresponsiveness of an institution, OMHA/Medicare, that exudes the arrogance of power because neither the institution nor its officers are held accountable.

a. If any discipline is ever imposed on an OMHA/Medicare officer but it is not made public, it is essentially ineffective because it neither sets an example with deterrent effect on other officers nor establishes a precedent that the public can invoke to assert its rights and rely on to trust that institution. "Justice should not only be done, but should manifestly and undoubtedly be seen to be done"[9].

64. In fact, on October 18, 2022, Dr. Cordero emailed<sup>5 above</sup> the following to them as well as their colleagues:

Mr. John Colter  
Supervisor of Legal Administrative Specialists [Mr. Griepentrog's immediate supervisor]

Ms. Leslie McDonald  
Mr. Joe Morgan  
Mr. Timothy West  
Ms. Hillary Didona  
Mr. Jon Dorman

and  
Medicare and OMHA

...

Moreover, my repeated calls to the telephone numbers that you provided, i.e., "ARL FO SLAS, John Colter, at (571) 457-7290 for assistance, and "VA's front desk at (571) 457-7200", go directly to Mr. Colter's voicemail, and he does not return my calls. This means that my phone number is being monitored so that I can no longer reach the front desk and talk to somebody else there. Instead, my calls are sent automatically to Mr. Colter for them to be suppressed by him.

Erin Brown does not return my calls or reply to my emails.

65. Nobody replied. So, from October 21, Dr. Cordero began to resend that thread of emails<sup>5 above</sup> daily.

66. On November 16, Dr. Cordero received a meaningless email from:

Ms. Andrenna Taylor Jones  
Senior Attorney Advisor, Appeals Operations Branch  
Appeals Policy and Operations Division, Headquarters  
Office of Medicare Hearings and Appeals  
[Medicare.Appeals@hhs.gov](mailto:Medicare.Appeals@hhs.gov) [neither an email address in her name nor her phone number was provided]

with information about his appeal to the Council that she necessarily knew that he necessarily had, for he had timely e-filed his appeal and received docket # M-23-386. She too pretended that she and the Council were sending him a reply.

67. Dr. Cordero also received an intentionally belated and thus useless email from:

Mr. Jon Dorman

Director, Appeals Policy and Operations Division  
Office of Medicare Hearings and Appeals

[Medicare.Appeals@hhs.gov](mailto:Medicare.Appeals@hhs.gov) [neither an email address in his name nor his phone number was provided]

precisely on the last day, October 28, for Dr. Cordero to appeal to the Council from the ALJ decision<sup>2 above</sup> of August 24, 2022. By that time, Dr. Cordero necessarily had had to write and file his brief on appeal without having had access to the evidentiary materials that he had been requesting for months. It was yet another pretense of a reply to him.

68. Then Mr. Eng sent Dr. Cordero an email<sup>5 above</sup> on November 25, that was just as intentionally belated and useless as it was disingenuous, for in what conceivable way was Mr. Eng providing any "assistance" to which any more would be "additional" practically a month after Dr. Cordero had had to file his appeal to the Council? Mr. Eng wrote:

Your emails [in the thread<sup>5 above</sup>] below appear to be addressing customer service issues with OMHA. I also see you have electronically filed a request for review with my office docketed under M-23-386. The status of your case can be checked anytime on our website: [https://dab.efile.hhs.gov/mod/appeals/public\\_status](https://dab.efile.hhs.gov/mod/appeals/public_status). Please let me know if I can be of additional assistance.

69. That was Mr. Eng's pretense of "assistance" and of offering "additional assistance": He wrote in his email<sup>5 above</sup> to Dr. Cordero of December 8, as follows:

Just to clarify, are you requesting a copy of the record from the Departmental Appeals Board – Medicare Appeals Council (Council), regarding your pending appeal under Council Docket Number, M-23-386?

70. Mr. Eng was dragging out the process by asking a question for which there was no foundation: How could he possibly be unclear as to the request for evidentiary materials that Dr. Cordero had made in his:

- a. Statement on Appeal<sup>3 above</sup>
- b. appeal to the Council<sup>8 above</sup>
- c. Brief on Appeal<sup>6 above</sup>
- d. request repeated in his email of October 4(<sup>¶¶</sup>61 above) and
- e. email to Mr. Eng and Mr. Dorman et al. of November 29, where Dr. Cordero stated unambiguously his request for evidentiary materials:

10. Had you read my email, you would have learned that I requested a copy

of what Mr. Griepentrog referred to as "the case file" of my appeal # 3-1081 7205 455, and you referred to as "the administrative record":

a. before the hearing presided over by ALJ Loranzo Fleming of the OMHA Atlanta, GA, Field Office, held on August 8, 2022, via recorded video conference;

b. at the hearing;

c. between the hearing on August 8 and the decision of ALJ Fleming of August 24, which includes, among other things, the *Index of the Administrative Record and Exhibit List*;

d. after the decision of August 24, in order to prepare my appeal to the Medicare Appeals Council; and

e. in my brief on appeal to the Council, timely docketed as M-23-386, to prepare my appeal to the Medicare Appeals Board and a federal district court from any detriment that I may have sustained due to the spoliation of the record; and demand compensation once the nature, extent, and gravity of the spoliation and its impact on me can be determined.

11. Indeed, the first time I requested a copy of the record was on May 3, 2022. From the office in OMHA Phoenix, AZ, of ALJ Denis Yanohira, to whom my appeal was first assigned, his legal assistant Deniese Elosh called me to schedule the hearing there. As a result of my questions, I was shocked to learn that a record existed, although I had not been informed of its existence, never mind sent a copy of it.

12. In my Statement on Appeal<sup>[3 above]</sup> of May 21, 2022, I requested a copy of the record thus:

Part II, §C. Action Requested

...

¶169. the ALJ send Dr. Cordero a copy of any and all documents, including all text, graphs, voice mail, photos, video, etc., that it has already received and may in future receive for this case from any entity, whether they have been or may be filed by a person, Qualified Independent Contractor Maximus Federal Services, HMO EmblemHealth, Medicare, Medicaid, the Human Resources Administration, etc.;

71. In the email to Mr. Eng of December 9, Dr. Cordero repeated his unambiguous request:

**"D. Action requested**

27. Therefore, I reiterate my request for:

a. "a copy of the August 8 video hearing; all emails, mail, and recordings of conversations concerning Dr. Cordero directly as a party to this case or indirectly as a member of a class of people similarly situated and sent or received from September 8, 2021 [when the first event in this case occurred], to date";

b. a copy of the contents on the *Index of the Administrative Record and Exhibit List*; and

c. any other record, 'case file', or information that reasonable people with knowledge of the circumstances of this case would want to know in order to either defend their rights or discharge their duty to judicially apply the law to the facts, and determine the harm that the conduct of Emblem, Maximus, Medicare/OMHA and their officers, including you, etc., have caused and assess proper compensation. Here applies the principle, "If in doubt, disclose".

How long are you going to drag this out? Until after the Council decides my appeal?

Are you proceeding in bad faith?..."

72. Dr. Cordero has kept emailing daily his December 9 email and the rest of the thread of emails that had started with Mr. Griepentrog's email of September 30<sup>5 above</sup>. There was no reply by anybody until Mr. Eng sent him an email on February 17 stating:

A copy of the record was mailed to you on February 15, 2023. Please let me know if I can be of additional assistance.

73. Mr. Eng's offer of "additional assistance" was nothing more than 'additional pretense' on his part:

74. Mr. Griepentrog showed a friendly attitude and willingness to help Dr. Cordero in long, informative phone discussions. So are the emails that he crafted for Dr. Cordero, which are at the bottom of the thread of emails. Cf. ¶107.0 below

75. This provides probable cause to believe that Mr. Griepentrog's "Partial Case File" would have contained numerous files as well as two-party phone recordings. It is probable that just as he was honest and cautious in describing it as "Partial", he was honest and transparent in making it "Ready to Proceed" without filtering its contents.

76. Dr. Cordero's daily emails<sup>5 above</sup> for months requesting those files and more made Mr. Griepentrog's superiors accept the need to send something to

pretend to be satisfying the request. So, Mr. Eng sent Dr. Cordero his CD of February 15, 2023, pretending that it contained "*the* administrative record, including *the* documentary exhibits" [emphasis added]. It did not!

**5. The pretense of being interested in receiving a Notice of Decision file that could be opened**

77. Mr. Eng wrote in his December 8 email<sup>5 above</sup> thus:

Also, I noticed that you uploaded three files to this appeal through the Departmental Appeals Board Medicare Operations Division Electronic Filing System, but one of these files named "22-8-24\_ALJ\_Fleming\_decision.pdf" does not open on our end. Would you like to re-submit a working copy of that file before 61 above the complete record that is currently before the Council?

78. If it was the case that such file did not open, why did Mr. Eng not look up the copy of ALJ Fleming's decision that had been transmitted to the Council? After all, Mr. Eng's colleague Mr. Jon Dorman, the Director of the Appeals Policy and Operations Division, had stated in his October 28 email to Dr. Cordero thus:

[I]f you have appealed the OMHA decision to the Medicare Appeals Council (Council), the administrative record for your appeal would have subsequently been transmitted to the Council. A request for a copy of the administrative record can be made to the Council.

79. If with his Council left hand Mr. Eng cannot get his Council right hand to give it what it received from OMHA ALJ Fleming, why should an appellant trust that whatever it is that the Council has is complete and reliable rather than a pretense resulting from concealment of evidentiary materials?

80. Moreover, if upon Dr. Cordero's filing of his appeal<sup>6 above</sup> to the Council on October 28 the Council took the initiative of asking ALJ Fleming's Atlanta Office to send it the administrative record of his case, why has the Council failed for more than four months to respond to the request of Dr. Cordero to send him a copy of at least that record?

81. If an OMHA ALJ office and a decision-writing ALJ need not fear a comparison by the appellant between what he received through a request for evidentiary materials and what that office and the ALJ sent the Council, they have every interest in sending the Council as small a record and as free of any embarrassing, incriminating, and impeaching materials as possible so as to deprive the Council of any materials that it could use to reverse the ALJ's decision.

82. That is all the more likely when that ALJ is the chief of that office, which is ALJ Fleming's position in the Atlanta Office. By such withholding of

evidentiary materials, he and his office commit spoliation to ensure their unaccountability. Their bias and disregard for due process are riskless. They too can pretend whatever they want.

83. If the Council received from ALJ Fleming's Atlanta Office "the administrative record" that Mr. Eng sent Dr. Cordero on a CD, then Mr. Eng and his Council colleagues cannot be so incompetent or naïve as to fail to find suspicious that the Fleming Office sent them only four documents; 12 phone recordings, all of them consisting of one person recording a message on an answering machine, never of two persons talking on the phone; 11 are messages recorded by Dr. Cordero and one by Inspector Cory Hogan of the Federal Protective Services of Homeland Security...

84. and not one of the calls involves a party in the Office of ALJ Fleming. The latter has a strong motive for withholding all calls and any other evidentiary materials, such as emails and "Reports of Contact", concerning this appeal from the Council and all the more so from Dr. Cordero. That is so whether the materials involve anybody or nobody in his office but show a reason for ALJ Fleming to be biased against Dr. Cordero. That would justify his disqualification by the Council, which Dr. Cordero requested in his Brief on Appeal<sup>6</sup> above.

85. Did Mr. Eng or his Council colleagues care to ask ALJ Fleming, his legal assistant, Andre Rutledge, tel. (470)633-3424, or any other person in his office where were the recordings of anybody replying to Dr. Cordero's and Inspector Hogan's recorded messages?

86. If they received the answer that there were no two-party recorded discussions, then they could reasonably have concluded that among OMHA and Medicare officers there was a coordinated complicit implicit or explicit agreement not to reply to Dr. Cordero's messages or any other messages that could lead to the exposure of their bias and withholding of evidentiary materials.

87. If there were two-party recordings but they were not sent to Mr. Eng and the Council, then their reasonable conclusion would have been that an intentionally incomplete "administrative record" was sent to them.

88. Mr. Eng and the Council were duty-bound to investigate these serious circumstances, for they compromised the integrity of judicial process. Indeed, they entailed:

- a. concealment of evidence
- b. spoliation
- c. dereliction of duty

- d. obstruction of justice
- e. abuse of power
- f. submission of knowingly incomplete and false statements and documents with intent to mislead
- g. self-interested performance of an official function
- h. fraud; etc.

89. However, there is evidence that Mr. Eng would not have investigated anything: After he stated in his December 8 email<sup>5</sup> above to Dr. Cordero that "one of these files named "22-8-24\_ALJ\_Fleming\_decision.pdf" does not open on our end", Dr. Cordero replied the next day, December 9, with an email that had a copy of that file that opened attached to it. What is more, Dr. Cordero kept attaching that file to his daily emails to Mr. Eng and all the other email addressees in the To: box, to wit:

DABMODHotline@hhs.gov, Medicare.Appeals@hhs.gov, appeals@dab.efile.hhs.gov, James.Griepentrog@hhs.gov, Erin.Brown@hhs.gov, erin.nugent@hhs.gov, john.colter@hhs.gov, Sherese.Warren@hhs.gov, Kathy.Greene@hhs.gov, Kathy.Hanford@hhs.gov, Jon.Dorman@hhs.gov, Alethia.Wimberly@hhs.gov, leslie.mcdonald@hhs.gov, Hillary.Didona@hhs.gov, corderoric@yahoo.com, OSOMHAHearingTechSupport@hhs.gov, Dr.Richard.Cordero\_Esq@verizon.net, Rajda.Nachampassak@hhs.gov, Dawn.Kos@hhs.gov,

90. Nonetheless, Mr. Eng did not even acknowledge receipt of Dr. Cordero's emails, let alone of that file.

91. Did Mr. Eng ever notice that Dr. Cordero's October 26 Brief on Appeal<sup>6</sup> above to the Council states in the third bookmark in the bookmark pane "Notice of Decision; 24oct22 ↓ Decision of ALJ Loranzo Fleming; 24oct22"?

92. Did Mr. Eng point that out to the Council or did he leave the Council with the impression that Dr. Cordero had failed the requirement of submitting a copy of the Notice of Decision with his appeal?

93. Had Mr. Eng examined with due diligence and critical judgment what he had received from the Atlanta and Phoenix Offices, he would have realized that "the administrative record" that the Council had received from them was obviously and intentionally incomplete to conceal embarrassing, incriminating, and impeaching evidence. If so, he would not have pretended in his December 8 email(¶77 above) to be in a position to "send you the complete record that is currently before the Council".

94. Since November 29, 2022, Dr. Cordero has been emailing his daily email<sup>5 above</sup> under:

Subject: To David Eng, Jon Dorman, Andrenna Taylor Jones, et al. re: Partial Case File Req Processed and Ready to Proceed to Appellant Dr. Richard Cordero

95. By the time Mr. Eng wrote his February 15 letter to Dr. Cordero, he had received some 80 emails bearing his name in the Subject: box.

a. To them must be added all the emails forwarded to him by his colleagues who received those emails through the 16 email addresses in the To: box in Dr. Cordero's emails and who did not know what to do with them or had been instructed not to deal directly with Dr. Cordero, but rather to forward his emails to Mr. Eng, who in his emails and letters titles himself "Lead Attorney Advisor" and "Branch Chief, Program Operations".

b. Moreover, Mr. Eng had access to all of Dr. Cordero's emails sent since October 4 to generic email addresses, such as [Medicare.Appeals@hhs.gov](mailto:Medicare.Appeals@hhs.gov). However strange or as a means of ensuring his own unaccountability, he has not provided an email with his name as user, that is, before the @ symbol. He sends his emails "From: OS DAB MOD Hotline (HHS/DAB) [DABMODHotline@hhs.gov](mailto:DABMODHotline@hhs.gov)".

96. It follows that Mr. Eng must have received hundreds of emails from his forwarding colleagues and from the several generic email addresses used by Dr. Cordero since October 4. They deal with the same subject of request for evidentiary materials, which Mr. Griepentrog identified in his first email of September 30 as "Partial Case File Req Processed and Ready to Proceed to Appellant Dr. Richard Cordero".

97. Consequently, it was the responsibility of Mr. Eng to make sure that what after months on end of Dr. Cordero's daily request he belatedly put on a CD and mailed to Dr. Cordero was in fact, as he wrote in his February 15 letter, "*Pursuant to your request,...*". But it was not. Mr. Eng only pretended that it was.

98. For proof, Mr. Eng sent Dr. Cordero on February 15, a CD that contains the "22-8-24\_ALJ\_Fleming\_decision.pdf" file that Mr. Eng could not open, rather than Dr. Cordero's email-attached copy<sup>2 above</sup> that does open. Which one has Mr. Eng made available to the Council?

## **6. The pretense of Mr. Eng and the "...Immediate..." and "...Hotline..." offices that they can assist with digital access problems**

99. In one of his February 15 letters<sup>5 above</sup>, Mr. Eng wrote:

If you encounter any difficulty with the enclosed CD, please contact us and we will try to assist you.

100. In his February 17 email, Mr. Eng informed Dr. Cordero about the mailed CD and how to submit a supplemental brief.

101. That same day, Dr. Cordero in turn informed Mr. Eng that he had received an email under the subject line "Re: MOD E-Filing System: Interim Correspondence/Order uploaded, Docket No. M-23-386", but had encountered a difficulty accessing what had been uploaded.

102. In fact, Dr. Cordero informed Mr. Eng that the link provided in that email, i.e., <https://dab.efile.hhs.gov/mod/appeals/34006>, did not allow him to access that "Correspondence/Order" or anything else, not even his own account, the one that he had created to e-file his appeal to the Council on October 28, 2022<sup>6</sup> above. It was locked and Dr. Cordero was kept in a loop. Dr. Cordero attached to his email screenshots of the returns resulting from clicking that link. Mr. Eng received proof of Dr. Cordero's difficulty. Yet, he provided no assistance.

103. Mr. Eng's colleagues at OS DAB MOD Hotline (HHS/DAB), [DABMODHotline@hhs.gov](mailto:DABMODHotline@hhs.gov), replied on February 23 with a useless email that contained Dr. Cordero's answers to his secret questions. But that did not solve the difficulty at all because that did not deal with the difficulty: The account was in a loop and locked.

104. Dr. Cordero contacted them about the locked status of his account. One can reasonably expect that the addressees of email accounts with user names such as [OSDABImmediateOffice@hhs.gov](mailto:OSDABImmediateOffice@hhs.gov) and [DABMODHotline@hhs.gov](mailto:DABMODHotline@hhs.gov) would reply with the promptness implied in the terms "Immediate" and "Hotline", but one would be shocked by their failure to reply to date. They too belong to an unresponsive institution that only pretends to provide assistance just as it pretended to provide "the administrative record".

### **C. Action requested**

105. Mr. Eng did not engage in his pretense only as an individual. His pretense was in furtherance of a coordinated complicit agreement between him and other OMHA/Medicare, Council, and HHS officers with authority to instruct all the recipients of the emails and telephone calls of Dr. Cordero not to communicate with him directly but rather let Mr. Eng be the point man to do so.

106. Mr. Eng and those other officers have intentionally withheld from Dr. Cordero and the Council evidentiary materials requested daily for months. By so doing, they have engaged in spoliation consisting in coordinated

concealment of evidence that obstructs justice.

107. Therefore, Dr. Cordero respectfully requests Mr. Eng and the Council to:

a. in line with Mr. Eng's letter to Dr. Cordero of February 15<sup>5 above</sup>, defer any action on this appeal until 30 days, plus 5 if their communication with him is again by mail, after the requested evidentiary materials are sent to him;

b. produce, and order the production of, the evidentiary materials requested previously and in this brief, e.g., in ¶¶61, 70, 71 above, including:

1) telephone discussions between Dr. Cordero and another party, and between any two or more other parties concerning, in particular, this appeal, and, in general, the case of which it is part and which involves Emblem, Maximus, OMHA, the Council, Medicare, HHS, and the Federal Protective Services of Homeland Security;

2) any and all versions of the audio and/or video recording of the August 8 ALJ hearing before ALJ Fleming; otherwise, a statement that the version of that recording on the CD sent by Mr. Eng to Dr. Cordero is the only version that has ever existed and is complete and free of any manipulation that added, deleted, or altered any part or aspect of it;

3) all evidentiary materials and information regarding all actions taken by any and all parties upon Mr. Griepentrog 'passing along the concerns and sentiments' that he referred to in his email of October 3, 2022, to Dr. Cordero -at the bottom of the thread of emails<sup>5above</sup>- under the "Subject: Follow Up", where he wrote

I wanted to add that your concerns about your continued access to federal buildings following the Federal Protective Service complaint filed about your call(s) to OMHA's Phoenix Field Office and your concerns and full discovery request for relevant communications regarding what type of potential communications between the two OMHA field offices [in Phoenix and Atlanta] and/or ALJ judges [e.g., ALJ Yanohira and ALJ Fleming] that were reviewing your dental claim appeal are also being shared with Atty. Erin Brown, pursuant to your repeated requests.

On 09/29/2022, over the phone, you repeatedly expressed to me that you were hoping to have a call from an OMHA manager, specifically from a manager that could speak to your concerns about what effects that the events that led to your case being recused by the Phoenix Field Office ALJ judge [Yanohira] and your appeal case's transferal to a different venue [in Atlanta], and what effects of having a potential file with Homeland Security after an FPS complaint [by Deniese Elish, Legal Assistant to ALJ Yanohira] was investigated [by Inspector Cory Hogan, tel. (602)514-7130, in May 2022] might have upon your attempts to represent legal clients before a

governmental agency or in a state or a federal court. **Your concerns and sentiments have been passed along and were not ignored**, Dr. Cordero. [emphasis added];

c. apply and cause others to apply these two principles of evidentiary materials production, whose application is objective rather than subjective:

i. "If the applier or a third party acting as a reasonable disinterested party would be in doubt whether to produce or not, produce", and

ii. "Everything is produced that an honest person intent on assessing impartially and fairly the merits of this case and this appeal would reasonably want to receive and review";

d. send all evidentiary materials and information to Dr. Cordero and make them part of this appeal's record so that they may eventually be filed in an appeal to the Medicare Appeals Board and a district court;

e. produce all phone discussions and evidentiary materials that directly or indirectly relate to the "Report of Contact" delt with in ¶¶19 above et seq.;

f. hold on the basis of 'the totality of circumstances' that Emblem, Maximus, OMHA, Medicare, the Council, HHS, and/or its officers are running a racketeer influenced and corrupt organization within the meaning of the Racketeer Influence and Corrupt Organization Act[10] and/or a corrupt enterprise within the meaning of the New York State Enterprise Corruption Law[11]

g. disqualify ALJ Fleming and reverse his decision<sup>2 above</sup> of August 24, 2022;

h. hold that Emblem and Maximus, which never answered Dr. Cordero's Statement on Appeal<sup>3 above</sup> or the Brief on Appeal<sup>6 above</sup>, and Maximus did not even attend the ALJ hearing on August 8, 2022, forfeited the opportunity to file any brief in this appeal, including any answer to this supplemental brief, which would be untimely and barred by laches;

i. enter judgment by default against Emblem and Maximus;

j. hold that OMHA, Medicare, the Council, HHS, and its officers have engaged in the denial of services owed to Dr. Cordero as a Medicare insured member by coordinating their send-ing his phone calls to voice mail and not returning his calls, and not allowing him to speak with their supervisors, who fail to call him back despite being supposed to do so within 48 hours;

k. hold that OMHA, Medicare, the Council, and HHS, and their officers, including ALJs, are accountable and liable in their official and individual

capacities to compensate Dr. Cordero;

I. hold that Dr. Cordero is entitled to compensatory and punitive relief, including attorney's fees, the amount of which can only be established after ascertaining the nature, extent, and gravity of the harm that those entities and officers have inflicted on him.[12]

#### **D. Service List**

108. Medicare Appeals Council, filed by fax to (202)565-0227 and by mail to the address stated in ¶1 above;

109. EmblemHealth:

a. Carlos Manalansan, Deputy General Counsel, tel. (646)447-7837; [CManalansan@emblemhealth.com](mailto:CManalansan@emblemhealth.com)

b. Sean Hillegass, Grievance & Appeals Supervisor; tel. (646)447-0617; [SHillegass@EmblemHealth.com](mailto:SHillegass@EmblemHealth.com),

c. Melissa Cipolla, Grievance & Appeals Sr. Specialist, tel. (646)447-7026; [M\\_Cipolla@emblemhealth.com](mailto:M_Cipolla@emblemhealth.com)

d. Stefanie Macialek, Grievance & Appeals Specialist, tel. (646) 447-6109; [SDAmbrosio@EmblemHealth.com](mailto:SDAmbrosio@EmblemHealth.com),

e. Shelly Bergstrom, Quality Risk Management, tel. (631)844-2691; [SBergstrom@emblemhealth.com](mailto:SBergstrom@emblemhealth.com)

[12] 1. *Strickland v. U.S.*, No. 21-1346, is a federal case decided on April 26, 2022, by the U.S. Court of Appeals for the 4th Circuit. For the first time, a federal court held the federal judiciary and its officials suable. By so doing, it rejected the doctrine of judicial immunity that judges have conjured up in their self-serving interest in defiance of the tenets "Equal Justice Under Law" and "Nobody is Above the Law". Hence, *Strickland* establishes a precedent for suits to recover damages from judges and the institutions for which they work.

2. On Wednesday, June 8, 2022, it was announced that 90 U.S. gymnasts have joined in a class action to sue the FBI for over \$1 billion for dereliction of duty, negligence, and malfeasance in its handling of their complaints against sexual predator Dr. Larry Nassar and the subsequent cover-up in which defendant FBI officers engaged.

<https://www.nytimes.com/2022/06/08/us/politics/nassar-fbi-lawsuits.html>

3. Alex Jones was ordered to pay \$1.4 billion to the Sandy Hook families affected by his defamatory statements and the emotional impact that he had on them.

4. Mr. Donald Trump is reported as having recently spent well over \$10 million in attorney's fees.

Dear MOD E-file Support Officers and Mr. David Eng,

Thank you for your email.

However, the problem of not having access to my MOD E-file appeal docket, namely, M-23-386, is not solved by writing in the answers to my secret questions: The account continues to be locked, as shown by the attached screenshots in jpg.

What is going on?

Please, before you reply to this email, make sure that you have solved the problem of a locked account and that your reply will allow me to have access to my docket.

Sincerely,

Dr. Richard Cordero, Esq.

Dear MOD E-File System Support Officers and Mr. David Eng,

I received from MOD POB David Eng -see below- the link <https://dab.efile.hhs.gov/mod/appeals/34006>. I clicked it, which took me to MOD E-File Sign In (hhs.gov), <https://mail.aol.com/webmail-std/en-us/suite>. That link opens a page whose title is:

Departmental Appeals Board  
Medicare Operations Division  
Electronic Filing System

However, that webpage contains an access form that does not recognize my email or my password. I clicked the "Forgot your password?" link, which was useless because the answers to the secret questions were not recognized.

The email that I received with the link "change password" was equally useless because it took me to the same page that would not recognize my email or password. Hence, I was in a loop.

I called your Operations Division, which supports the Council, at (202)565-0100, but nobody picks up the phone. There is only a recording that asks the caller to record a message. I have done that, to no avail, given that nobody calls back.

Can you solve this problem so that I can have access to docket M-23-386 and add documents to it?

Sincerely,

Dr. Richard Cordero, Esq.

David Eng, Esq. (he/him/his)

Lead Attorney Advisor

Medicare Operations Division - Program Operations Branch

U.S. Department of Health and Human Services - Departmental Appeals Board

Mr. Jon Dorman  
Director, Appeals Policy and Operations Division  
Office of Medicare Hearings and Appeals

Dear Mr. Eng, Director Dorman, Council Technical Support director, et al.,

Thank you for your email of 17 February 2023, to inform me that "a copy of the record [in my appeal to the Medicare Appeals Council] was mailed to me on February 15, 2023". I look forward to receiving it soon.

I take you up on your offer of additional assistance. Indeed, I received an email stating the following:

**Re: MOD E-Filing System: Interim Correspondence/Order uploaded,  
Docket No. M-23-386**

The following additional document has been uploaded in Docket No. M-23-386:

(1) Interim Correspondence/Order

Click [here](#) to log into the e-filing system and view this request for review. If the link does not work, paste the following url into your browser's address bar:

<https://dab.efile.hhs.gov/mod/appeals/34006>

This email was automatically generated by an unattended mailbox.

\*\*\*PLEASE DO NOT REPLY TO THIS EMAIL.\*\*\*

I clicked that link, which took me to [MOD E-File Sign In \(hhs.gov\)](#), <https://mail.aol.com/webmail-std/en-us/suite>. That link opens a page whose title is:

1. Departmental Appeals Board  
Medicare Operations Division  
Electronic Filing System

However, that webpage contains an access form that does not recognize my email or my password. I clicked the "Forgot your password?" link, which was useless because the answers to the secret questions were not recognized.

The email that I received with the link "change password" was equally useless because it took me to the same page that would not recognize my email or password. Hence, I was in a loop.

I called your Operations Division, which supports the Council, at (202)565-

0100, but nobody picks up the phone. There is only a recording that asks the caller to record a message. I have done that, to no avail, given that nobody calls back.

This is illustrative of how the Council works.

It was even more frustrating when I called Medicare at (800)633-4227. Not even the two supervisors with whom I talked understood the difference between a hearing before an Administrative Law Judge and an appeal to the Council, an entity that it seemed they had never heard of; or the difference between a claim and an appeal; or whatever a "docket number" is, never mind a "reconsideration" and a "redetermination", let alone the "Board" ... "a board for what?"

What kind of training do these people, though supervisors, receive? If you talk with their lower level receptionists, you are in for a comedy of errors...that distorts your mouth not with laughter, but rather with shocking disbelief at their ignorance and intellectual incapacity to integrate in their minds and conversation information not contained in the scripts from which they read.

To make things worse, Medicare has no means of contacting the Council. The caller must fend for himself or be strenuously insistent that the supervisor contact her manager to find a telephone number to reach the Council, as there is no such number on the **MOD E-Filing System** page.

What a dysfunctional system has been entrusted with the health of 33 million insureds and the relatives impacted by their need for medical treatment!

Therefore, I would appreciate your assistance in:

- a. contacting the Technical Support of the **MOD E-Filing System** of the Council to fix the problem of no access to my docket M-23-386;
- b. sending me a copy of the **Interim Correspondence/Order uploaded**; and
- c. letting me know how I in turn can upload any 'correspondence' of my own to the case for review by the Council.

Sincerely,

Dr. Richard Cordero, Esq.

David Eng, Esq. (he/him/his)  
Lead Attorney Advisor  
Medicare Operations Division - Program Operations Branch  
U.S. Department of Health and Human Services - Departmental Appeals  
Board

Mr. Jon Dorman  
Director, Appeals Policy and Operations Division  
Office of Medicare Hearings and Appeals  
Dear Mr. Eng and Director Dorman,  
Thank you for your email, Mr. Eng, which is reproduced below.

The file that you say does not open, namely, ""[22-8-24\\_ALJ\\_Fleming\\_decision.pdf](#)", is the decision of ALJ Lranzo Fleming of the OMHA Atlanta Field Office. You certainly must have access to it. Nevertheless, I have attached it hereto.

In any event, his decision is contained in my appeal to the Medicare Appeals Council, which, as you know, now bears [file.Council Docket Number M-23-386](#)

Did you read my email hereunder? It unambiguously states what I have requested?

**"D. Action requested**

27. Therefore, I reiterate my request for:

a. "a copy of the August 8 video hearing; all emails, mail, and recordings of conversations concerning Dr. Cordero directly as a party to this case or indirectly as a member of a class of people similarly situated and sent or received from September 8, [when the first event in this case occurred], to date";**2021**

b. a copy of the contents on the ; and *Index of the Administrative Record and Exhibit List*

c. any other record, 'case file', or information that reasonable people with knowledge of the circumstances of this case would want to know in order to either defend their rights or discharge their duty to judicially apply the law to the facts, and determine the harm that the conduct of Emblem, Maximus, Medicare/OMHA and their officers, including you, etc., have caused and assess proper compensation. Here applies the principle, "If in doubt, disclose".

How long are you going to drag this out? Until after the Council decides my appeal?

Are you proceeding in bad faith? On appeal to the Medicare Appeals Board from the Council and later on to the federal district court, your own emails included as exhibits will show that you are.

Why is it that Director Jon Dorman, to whom I addressed my email below, does not reply to it? Is he turning you into the fall guy?

There is probable cause to believe that you are consulting with Director Dorman before sending me your tergiversating emails.

I ask that you and Director Dorman without further delay take the above-stated "Action requested".

Sincerely,

Dr. Richard Cordero, Esq.

Subject: RE: To David Eng, Jon Dorman, Andrenna Taylor Jones, et al. re: Partial Case File Req Processed and Ready to Proceed to Appellant Dr. Richard Cordero

Dear Dr. Cordero:

Thank you for your inquiry and I look forward to assisting you. Just to clarify, are you requesting a copy of the record from the Departmental Appeals Board – Medicare Appeals Council (Council), regarding your pending appeal under Council Docket Number, M-23-386? Also, I noticed that you uploaded three files to this appeal through the Departmental Appeals Board Medicare Operations Division Electronic Filing System, but one of these files named "22-8-24\_ALJ\_Fleming\_decision.pdf" does not open on our end. Would you like to re-submit a working copy of that file before we send you the complete record that is currently before the Council? Please let me know if I can be of additional assistance.

Sincerely,

David Eng (he/him/his)

Lead Attorney Advisor

Medicare Operations Division - Program Operations Branch

David Eng, Esq. (he/him/his)  
Lead Attorney Advisor  
Medicare Operations Division - Program Operations Branch  
U.S. Department of Health and Human Services - Departmental Appeals  
Board

Mr. Jon Dorman  
Director, Appeals Policy and Operations Division  
Office of Medicare Hearings and Appeals

Dear Mr. Eng, Mr. Dorman, Medicare/OMHA, and the Medicare Appeals  
Council,

I received your email, Mr. Eng, which is reproduced below and dated Friday,  
25 November; just as I received your email, Mr. Dorman, which is also  
hereunder bearing the date of November 21.

**A. Assistance in obtaining a copy of the record could already have been, and can still  
be, provided**

1. I appreciate your statement, Mr. Eng, "Please let me know if I can be of  
additional assistance."

a. "Additional" to what assistance already provided?

2. You opened your email with the acknowledgment of receipt "Your emails  
below...". It follows that you know that I already "let you know that you can be  
of assistance": I continue to request a copy of the record, to which I am  
entitled and which OMHA has refused to provide me since, as discussed  
below, May 2022.

a. I needed the record to prepare my ALJ hearings of June 14 and August 8,  
and my appeal to the Council.

b. The record includes, among other things:

1) the , where exhibit 46 is the recorded video conference of the ALJ hearing  
of August 8 before ALJ Loranzo Fleming of the OMHA Atlanta Field  
Office; *Index of the Administrative Record and Exhibit List*

2) copies of the phone conversations relevant to this case between and  
among HMO EmblemHealth (Emblem); Qualified Independent Contractor  
Maximus Federal Services (Maximus); medical services providers; Medicare,  
Medicaid, the Human Resources Administration, me, etc.

3. This is unambiguously stated in "your emails below" that you received from

me, to wit, in Section A, in general, and in Section "B. Requested action", in particular.

4. Hence, my "emails below..." do not give rise to the ambiguity implied in your statement "your emails below to be addressing customer service issues with OMHA" [].*appearempphasis added*

5. By contrast, what your email is that when OMHA Director of Appeals Policy and Operations Division Jon Dorman and his colleague, Senior Attorney Advisor Andrenna Taylor Jones, Esq., referred me to the Council to request the record, they did so either incompetently or in bad faith because they, despite being, or as, members of Medicare:*shows*

a. either did not know but should have known had they proceeded with due diligence that you and your colleagues at the Council would not have a clue why I would be requesting the record from the Council so that you would fail to even recognize my request as such;

b. or they knew that you would not have a clue but nevertheless fobbed off my request by sending me from OMHA on a wild goose chase in the Council as a whole, not even to an officer in charge of records, to request my record from people like you.

## **B. While the appeal was pending, the record was requested repeatedly**

6. You, Mr. Dorman, referred me to eCFR: 42 CFR 405.1042 -- The administrative record; <https://www.ecfr.gov/current/title-42/chapter-IV/subchapter-B/part-405/subpart-I/subject-group-ECFR18c5ab80164e759/section-405.1042>.

7. You should have read it, for this is what it provides at:

42 CFR 405.1042(a)(3) A party may request and review a copy of the record prior to or at the hearing, or, if a hearing is not held, at any time before the notice of decision is issued.

8. In the same vein, you cited 42 C.F.R. § 405.1118. But that section is not relevant because it only applies when the case is already before the Council. My request for a copy of the record precedes my appeal to the Council by months.

9. You would know that if you had bothered to read if only my email, which by your own admission was forwarded to you by Administrative Legal Specialist James "Jim" Griepentrog and Supervisory Attorney Erin Brown, both at OMHA Headquarters in Arlington, VA.

10. Had you read my email, you would have learned that I requested a copy

of what Mr. Griepentrog referred to as "the case file" of my appeal # 3-1081 7205 455, and you referred to as "the administrative record":

a. before the hearing presided over by ALJ Loranzo Fleming of the OMHA Atlanta, GA, Field Office, held on August 8, 2022, via recorded video conference;

b. at the hearing;

c. between the hearing on August 8 and the decision of ALJ Fleming of August 24, which includes, among other things, the ; *Index of the Administrative Record and Exhibit List*

d. after the decision of August 24, in order to prepare my appeal to the Medicare Appeals Council; and

e. in my brief on appeal to the Council, timely docketed as M-23-386, to prepare my appeal to the Medicare Appeals Board and a federal district court from any detriment that I may have sustained due to the spoliation of the record; and demand compensation once the nature, extent, and gravity of the spoliation and its impact on me can be determined.

11. Indeed, the first time I requested a copy of the record was on May 3, 2022. From the office in OMHA Phoenix, AZ, of ALJ Denis Yanohira, to whom my appeal was first assigned, his legal assistant Deniese Elosh called me to schedule the hearing there. As a result of my questions, I was shocked to learn that a record existed, although I had not been informed of its existence, never mind sent a copy of it.

12. In my Statement on Appeal of May 21, 2022, I requested a copy of the record thus:

Part II, §C. Action Requested

¶169. the ALJ send Dr. Cordero a copy of any and all documents, including all text, graphs, voice mail, photos, video, etc., that it has already received and may in future receive for this case from any entity, whether they have been or may be filed by a person, Qualified Independent Contractor Maximus Federal Services, HMO EmblemHealth, Medicare, Medicaid, the Human Resources Administration, etc.;

13. ALJ Yanohira denied my motion for his recusal predicated on the outrageous conduct of his legal assistant Elosh regarding precisely my request for the record (id., Part I). I appealed to the Medicare Appeals Council, which never even acknowledged receipt of that appeal. Nonetheless, ALJ Yanohira reversed and recused himself.

14. My appeal was transferred at my instigation out of the OMHA Phoenix

office. It landed in the OMHA Atlanta Office and assigned to ALJ Fleming. I repeatedly requested by phone and email from his legal assistant Andre Rutledge, tel. (470)633-3424, a copy of the record in order to prepare my presentation at the August 8 hearing.

15. In my email of July 15, 2022, I raised the issue of the record with "..., Medicare Appeals Council, ALJ Loranzo Fleming, Andre Rutledge and Team Fleming, HHS Ms. Erin Brown, Ms. Hillary Didona, Ms. Jessica Ivvo, and HHS". In pertinent part, I stated why it was necessary to obtain a copy of the record:

"5. The hearing and its record have been transferred to the OMHA office in Atlanta, GA.

6. I object to a hearing where for the first time ever EmblemHealth springs arguments against my claims and me, thus engaging in unfair surprise as its intentional, corporate legal strategy.

a. A hearing is not supposed to be an event where the party with superior power and a close relationship to the deciding judicial entity and its employer, that is, Medicare, ambushes the party with no power who appears before that entity on a one-off basis and in the animosity-provoking role of the attacker of the entity and its employer.

b. Therefore, I have moved, and hereby reiterate my motion to OMHA and make in writing my motion to ALJ Loranzo Fleming at the OMHA Atlanta Office, to hold Emblem in default.

16. In my motion of August 17, for ALJ Fleming to recuse himself or be disqualified for bias, I requested a copy of the record thus:

¶74.c.

7) find that OMHA engaged in ex-parte communications with HMO EmblemHealth and Qualified Independent Contractor Maximus Federal Services when it allowed them to submit to it the "case file" and other documents without requiring that they serve them on Dr. Cordero, thus according them an unfair advantage that showed partiality toward them;

8) order the production, inclusion in the record of this appeal, and service on Dr. Cordero of a copy of the August 8 video hearing; all emails, mail, and recordings of conversations concerning him directly as a party to this case or indirectly as a member of a class of people similarly situated and sent or received from September 8, 2021 [when the first event in this case occurred], to date.

17. In your email, you, Mr. Dorman, implicitly stated that it was my fault if I do not have a copy of the record, because I missed the opportunity to request it

while the case was "pending".

18. But your implicit statement is contrary to the facts. You either knew that I had repeatedly requested by email and phone for months a copy of the record from many Medicare/OMHA officers; and if you had proceeded with due diligence to read the emails referred to you by Mr. Griepentrog and Mrs. Brown, which I also emailed to you directly, you would have known it too. Hence, you had actual and constructive knowledge that while the case was pending, I did request time and again a copy of the record.

19. As a matter of fact, your own colleague, Mr. Griepentrog, informed you thereof. In his email of September 30, reproduced below, he recognized that I was entitled to have my request for the record granted. His email bore the subject "which is the same as that of this email. There in he also let me know that he had put the record on a CD and was so "" to send it to me that he gave me its UPS tracking number, namely, 1ZA5361A0391799687. **Partial Case File Req Processed and Ready to Proceed", Ready to Proceed**

20. Had you bothered to check that number, you would have received this return message from UPS even today:

Processed	In transit	Delivered
TIME		
LOCATION		
STATUS		
Sep 30		
6:50 PM		
United States		
Shipper created a label, UPS has not received the package yet.		

21. However, you, Mr. Dorman, did not even mention that CD in your email to me.

### **C. A pattern of unresponsiveness and spoliation that reveals complicit coordination**

22. Your conduct, Mr. Dorman, is the example followed in her November 16 email to me, reproduced below, by your colleague Andrenna Taylor Jones, Senior Attorney Advisor, Appeals Operations Branch, Appeals Policy and Operations Division, Headquarters.

23. I requested in my email of November 17, resent daily since and reproduced below, that Attorney Jones forward to her supervisor my appeal from her email for review and reply to me. She and her supervisor have failed to inform me that she did. As for you, far from acknowledging receipt of that email, you did not address the issues that I raised in that email.

a. There is a pattern of not answering the issues raised by me: Neither Maximus Federal Services nor EmblemHealth ever filed a reply to my Statement on Appeal or any other paper. They were so confident that they were going to win, that they did not have to bother to answer.

b. That pattern extends also to Maximus's and Emblem's failure to reply to any of the several Notices of Hearing that OMHA sent me and to which I was required to reply within five days under pain of forfeiting my request. OMHA acted in coordination with Maximus and Emblem to tolerate such failure to reply to OMHA's own Notices.

c. There is also a pattern of complicit coordination engaged in by Maximus and Emblem: The former informed me by letter that the latter had taken the initiative to submit its denial of my claim for a redetermination and that Maximus would send me its decision thereon. But weeks went by without it doing so. I found out by inquiring from Emblem that Maximus had sent its decision to Emblem. I requested that Emblem send me a copy of it, which it agreed to do. But it did not do so. I had to demand from Emblem that it email me the copy of it while we were on the phone. Emblem did so only shortly before the expiration of the term for me to file an ALJ hearing request. They coordinated their effort to make me miss the request deadline. See the Motion to Recuse ALJ Fleming, ¶¶7-10.

24. Likewise, you, Mr. Dorman, and your Medicare/OMHA colleagues have deprived me of the record so as to pretend now that I am to blame for having missed the period for requesting such copy while the appeal was "pending".

25. It follows that the interception of Mr. Griepentrog's "" CD containing the record as it was on its way to UPS for delivery to me; the silence about it by Ms. Jones, Mr. Griepentrog, Mrs. Brown, and some 10 other Medicare/OMHA individual and institutional addressees; and their failure to reply to my more than 200 emails to them, as attested by the list of "Original messages" below, show a pattern of systemic conduct resulting from their complicit coordination. They have coordinated their conduct to deprive me of both my constitutional/statutory/civil rights and that CD and the rest of the record; and the highly incriminating information that they contain. **Ready to Proceed**

26. Therefore, an independent observer assessing the facts fairly and impartially, as the Medicare Appeals Council, the Medicare Appeals Board, a federal district judge, and a jury are supposed to, would conclude that your email to me is disingenuous and deceptive, so that you, Mr. Dorman, sent it to me in bad faith or incompetently.

#### **D. Action requested**

27. Therefore, I reiterate my request for:

- a. "a copy of the August 8 video hearing; all emails, mail, and recordings of conversations concerning Dr. Cordero directly as a party to this case or indirectly as a member of a class of people similarly situated and sent or received from September 8, [when the first event in this case occurred], to date"; **2021**
- b. a copy of the contents on the ; and *Index of the Administrative Record and Exhibit List*
- c. any other record, 'case file', or information that reasonable people with knowledge of the circumstances of this case would want to know in order to either defend their rights or discharge their duty to judicially apply the law to the facts, and determine the harm that the conduct of Emblem, Maximus, Medicare/OMHA and their officers, including you, etc., have caused and assess proper compensation. Here applies the principle, "If in doubt, disclose".

Sincerely,

Dr. Richard Cordero, Esq.

Dear Dr. Cordero:

Your emails below appear to be addressing customer service issues with OMHA. I also see you have electronically filed a request for review with my office docketed under M-23-386. The status of your case can be checked anytime on our website: [https://dab.efile.hhs.gov/mod/appeals/public\\_status](https://dab.efile.hhs.gov/mod/appeals/public_status). Please let me know if I can be of additional assistance.

Sincerely,

David Eng (he/him/his)  
Lead Attorney Advisor  
Medicare Operations Division - Program Operations Branch  
U.S. Department of Health and Human Services - Departmental Appeals Board

NOTICE: This communication may contain privileged or other confidential information. If you are not the intended recipient, or believe that you have received this communication in error, please delete the copy you received immediately and do not print, copy, retransmit, disseminate, or otherwise use the information contained herein. Thank you.

\*\*\*\*\*

Good afternoon, Dr. Cordero:

As I mentioned below, OMHA acknowledges your recent record request, but according to our regulations, OMHA can only provide copies of the administrative record when an appeal is pending. 42 C.F.R. § 405.1042(b)(1). After an appeal is closed, OMHA mails or transfers the administrative record including any hearing audio to the entity that holds the permanent record. Parties and representatives must direct any other requests for a copy of the disposition package or its contents to the holder of the administrative record.

The entire administrative record for your appeal has been forwarded to the Council. You may request a copy of all or part of the case file from the Council. See [42 C.F.R. § 405.1118](#).

I hope this information is helpful to you when requesting your file from the Council.

Thanks,

Jon

[dr.richard.cordero\\_esq@verizon.net](mailto:dr.richard.cordero_esq@verizon.net); OS OMHA Medicare Appeals (HHS/OMHA)  
<[Medicare.Appeals@hhs.gov](mailto:Medicare.Appeals@hhs.gov)> Partial Case File Req Processed and Ready to Proceed to  
Appellant Dr. Richard Cordero

**Subject:**

Dr. Cordero,

Your emails to Mr. Griepentrog and Ms. Brown at OMHA were recently forwarded to my attention, and I wanted to take another opportunity to respond to your concerns regarding your appeal. According to our records, Judge Fleming issued a decision in your appeal (OMHA appeal # 3-10817205455) on August 24, 2022.

OMHA acknowledges your recent record request, but according to our regulations, OMHA can only provide copies of the administrative record when an appeal is pending. 42 C.F.R. § 405.1042(b)(1). After an appeal is closed, OMHA mails or transfers the administrative record to the entity that holds the permanent record. Parties and representatives must direct any other requests for a copy of the disposition package or its contents to the holder of the administrative record. The holder may require a FOIA request.

To obtain a copy of the administrative record for appeal, you may visit the Part C IRE's website (<http://www.medicareappeals.com>) and follow the instructions listed under "Medicare Enrollees > Obtain a Copy of Your Case File." However, if you have appealed the OMHA decision to the Medicare Appeals Council (Council), the administrative record for your appeal would have subsequently been transmitted to the Council. A request for a copy of the administrative record can be made to the Council. 42 C.F.R. § 405.1118. filing

If you wish to appeal the OMHA decision and have not already done so, the Council must receive your written appeal within 60 calendar days of the date on the Notice of Decision. The Medicare Appeals Council assumes you received the Notice of Decision 5 calendar days after the date of the notice unless you show that you did not receive it within the 5-day period. You may submit a written request for review to the Medicare Appeals Council using one of three available methods: mail, fax, or electronic (E-File). This information is contained in your Notice of Decision.

Additional information about filing an appeal with the Medicare Appeals Council is available at <http://www.hhs.gov/dab/>. You can also call the Medicare Appeals Council's staff in the Medicare Operations Division of the Departmental Appeals Board at (202) 565-0100 or (866) 365-8204 (toll free) if you have questions about filing an appeal.

I hope you find this information is helpful.

Sincerely,

Jon Dorman  
Director, Appeals Policy and Operations Division  
Office of Medicare Hearings and Appeals

Andrenna Taylor Jones, Esq.  
Senior Attorney Advisor, Appeals Operations Branch  
Appeals Policy and Operations Division, Headquarters  
Office of Medicare Hearings and Appeals  
The supervisor of Andrenna Taylor Jones, Esq., and  
Medicare and OMHA

Dear Ms. Jones, her Supervisor, and the top reviewing Medicare and OMHA officers,

1. I am in receipt of the email that you, Ms. Jones, sent me on November 16, 2022, reproduced hereunder.

#### **A. Analysis of your November 16 email to me**

2. When you checked the status of my appeal, you necessarily must have realized that I necessarily knew that my case was on appeal to the Medicare Appeals Council because I was the one who filed the appeal to the Council.
3. If you bothered to read with due diligence my email hereunder to your top colleagues at Medicare and OMHA, you must necessarily have learned that what is at stake in it is my request for a copy of the case file regarding my ALJ hearing # 3-1081 7205 455, including a copy of the recorded video conference hearing presided over by ALJ Loranzo Fleming of the OMHA Atlanta, Georgia, Field Office on August 8, 2022.
4. You necessarily must also have learned from my email that I requested a copy of the case file in order to prepare my appeal to the Council.
5. Your colleague, legal administrative specialist James "Jim" Griepentrog of the OMHA Arlington, Virginia, Office, recognized that I am entitled to a copy of the case file. Thus, as far back as September 30, he informed me in an email under the subject "**Partial Case File Req Processed and Ready to Proceed**" -which is the same as that of this email- that he had put it on a CD and was so "" to send it to me that he gave me its UPS tracking number, namely, 1ZA5361A039179968.**Ready to Proceed**
6. Had you bothered to check that number, you would have received this return message from UPS even today:

Processed

In transit

Delivered

TIME

LOCATION

STATUS

Sep 30

6:50 PM  
United States

Shipper created a label, UPS has not received the package yet.

7. Since Mr. Griepentrog's September 30 email, I have sent my email requesting a copy of the case file more than 120 times. To that must be added the numerous times when I have done precisely what Mr. Griepentrog himself told me in his email to do, to wit:

"Please contact with ARL FO SLAS, John Colter, at (571) 457-7290 for assistance, leave voicemails at my desk at (571) 457-7262, or with Arlington, VA's front desk at (571) 457-7200 to be redirected."

8. To no avail, for my emails go unanswered and my calls go straight to voice mail and nobody responds to my recorded messages. This means that I have been discriminated against by being denied access even to the OMHA front desk, which is accessible to the general public.

9. The conduct of all these officers establishes their complicit coordination in furtherance of a cover-up obstructive of justice: They aim to prevent the incriminating information contained in the case file from being submitted by me on appeal to the Council, and later on to the Medicare Appeals Board on a Level 5 appeal, and thereafter to the district court.

10. It follows that:

- a. by sending me your email, you pretended to provide me information that you necessarily knew that I necessarily already had, and that was non-responsive;
- b. when you wrote "If you have further inquiries regarding your appeal, you may contact the Medicare Appeals Council's staff", you made a deceptive referral wasteful of my effort and time, for you necessarily know that it is not that staff, but rather your colleagues at Medicare and OMHA who are accountable for withholding in self-interest the case file from me;
- c. you have knowingly -and thus intentionally and actually- or constructively joined your colleagues' complicit coordination. Thereby you have become as liable as they are for denying me my constitutional right to equal protection and due process of law; and my civil right under the Medicare Act and implementing provisions to a copy of the case file.

## **B. Requested action**

11. Therefore, I am hereby appealing to your supervisor from your email to me. I formally

request that you submit it to him or her for reply to me so that your supervisor may:

- a. review whether you sent me your email in bad faith or incompetently;
- b. state why Mr. Griepentrog's CD to me has not even been given to UPS for delivery to me; and
- c. send me a copy of the case file, including a copy of the video hearing on August 8.

12. In your November 16 email, you identified yourself as:

Senior Attorney Advisor, Appeals Operations Branch

Appeals Policy and Operations Division, Headquarters

Office of Medicare Hearings and Appeals

13. Given your qualification as an attorney and official position, you are held to a high standard of professional responsibility and knowledge of appellate procedure. Thus, it would constitute a gross abuse of power in self-interest for you not to submit this email to your supervisor as hereabove requested and not to inform me that you will not submit it to your supervisor. You are taking with notice that by so doing, you would compound your predicament gravely.

14. Consequently, I also request that you:

- a. acknowledge receipt of this email;
  - b. state that you have submitted to your supervisor this email requesting appellate review of your November 16 email to me; and
  - c. set forth your supervisor's name, title, and location, just as you did regarding yourself; as well as his or her telephone number and email address, which you failed to provide regarding yourself.
- 1) Instead, you chose to incomprehensibly insert in both the To: and the cc: boxes of your email to me the same generic email address, namely, Medicare.Appeals@hhs.gov, as if you were intentionally avoiding accountability for your email to me. Your conduct in this instance furnishes additional justification for the query in ¶11.a above whether you have proceeded in bad faith or incompetently.

Sincerely,

Dr. Richard Cordero, Esq.

Dr. Cordero,

The Office of Medicare Hearings and Appeals (OMHA) would like to update you on the status of your inquiry regarding your appeal, OMHA appeal # 3-10817205455. According to our records, your appeal is now pending before the 4 level of review, the Departmental Appeals Board, under docket number M-23-386. <sup>th</sup>

If you have further inquiries regarding your appeal, you may contact the Medicare Appeals Council's staff at the Departmental Appeals Board at [DABMODHotline@hhs.gov](mailto:DABMODHotline@hhs.gov).

Sincerely,

Andrenna Taylor Jones  
Senior Attorney Advisor, Appeals Operations Branch

Ms. Leslie McDonald

Mr. Joe Morgan

Mr. Timothy West

Ms. Hillary Didona

Mr. Jon Dorman

and

Medicare and OMHA

Department of Health and Human Services

Dear Mr. Griepentrog, Ms. Brown, Mr. Colter, Ms. McDonald, Ms. Warren, Ms. Greene, Mr. Dorman, Ms. Wimberly, Mr. Morgan, Mr. West, Ms. Didona, OMHA, and Medicare,

On September 30, you, Mr. Griepentrog, sent me an email under the subject line "**Re Partial Case File Req Processed and Ready to Proceed**".

More than two and a half weeks later, today, October 18, I still have not received the CD with the requested material, including a copy of the recording of the video conference hearing held on August 8 and presided over by ALJ Loranzo Fleming of the OMHA Atlanta Field Office.

What is even more outrageous is that the CD has not even been turned over to UPS for delivery to me!

That you can confirm by searching the tracking number that you provided to me, namely, UPS Tracking 1ZA5361A0391799687, in the attachment that you sent me and that is attached hereto. The return of that search states:

"Shipper created a label, UPS has not received the package yet".

Moreover, my repeated calls to the telephone numbers that you provided, i.e., "ARL FO SLAS, John Colter, at (571) 457-7290 for assistance, and "VA's front desk at (571) 457-7200", go directly to Mr. Colter's voicemail, and he does not return my calls. This means that my phone number is being monitored so that I can no longer reach the front desk and talk to somebody else there. Instead, my calls are sent automatically to Mr. Colter for them to be suppressed by him.

Ms. Erin Brown does not return my calls or reply to my emails.

On Wednesday, October 12, I requested that the manager of Senior Supervisor Timothy West call me to discuss Mr. West's failure in over a week to find the whereabouts of the CD or get me in touch with Ms. Brown; and his failure to even call me as he had said on Thursday, October 6, that he would do on Tuesday the 11th. His statement that he, though a senior supervisor, could not find that out in such a long time is disingenuous.

So many people for so long cannot have proceeded by coincidence in a direction having the same effect favorable to themselves and their employer and contrary to law, namely, to deprive me of a copy of the record to which I, as appellant, am legally entitled and thereby protect one of their own, that is, ALJ Loranzo Fleming, from my motion for his recusal or disqualification for bias. All this shows that there is a coordinated effort at the highest level of OMHA to ensure such effect.

Are you part of that coordinated effort and have you taken me for a fool pretending otherwise despite my having fully informed you of the situation in phone calls and my emails to you?

You know full well that time is of the essence because I have been given the runaround since August 8 to deprive me of the files that I need to write my brief on appeal, which now I have to file this weekend. They are running the clock against me. Are you too?

Therefore, I ask that you contact me immediately to determine what you and OMHA are going to do about this matter.

Sincerely,

Dr. Richard Cordero, Esq.

Medicare No.: Q8\NV67; Medicare Part: C;

Request for a copy of the recorded video conference hearing before ALJ Loranzo Fleming of OMHA Atlanta, GA, office on August 8; needed to prepare the appeal from his decision of August 24, which did not even mention Appellant's motion of August 17, 2022, for his recusal or disqualification due to bias and dereliction of duty, so that ALJ Fleming now in self-interest abuses his power to evade providing a copy of the recorded hearing, thus engaging in spoliation

Dear Ms. Brown and Mr. Griepentrog,

Thank you, Mr. Griepentrog, for your informative and thoughtful email.

1. I appreciate your having brought to the attention of Supervisor Erin Brown important issues that I informed you about concerning my impending appeal to the Medicare Appeals Council from the decision of August 24 of ALJ Loranzo Fleming in OMHA's Atlanta, GA, Field Office following the hearing that he presided over via video conference on August 8. I also described to her those issues when I served on her my August 17 motion for the recusal or disqualification of ALJ Fleming.

2. Strangely enough, however, your email is silent on the key issue that I clearly stated had motivated my call to you on September 29, after I had made so many calls and sent so many emails to so many of your colleagues, namely:

a. obtaining a copy of the August 8 hearing held via recorded video conference before ALJ Fleming, which I need to support my appeal to the Council.

b. There can be no allegation that such video does not exist, for its existence is established by entry "video File 46" on the accompanying ALJ Fleming's decision of August 24. *Index of the Administrative Record and Exhibit List*

3. I have been given the runaround for more than a month and a half since I requested that video, otherwise, its sound track or transcript, from ALJ Fleming and his legal assistant, Mr. Andre Rutledge, tel. (470)633-3424. They disingenuously allege that the whole record was sent for storage to Maximus Federal Services, one of the opposing parties!

a. I called Maximus on September 29, tel. (585)348-3300, and spoke with supervisor Christine V., who told me that Maximus has nothing to do with a case beyond the 2 Level appeal and did not receive any such record concerning my case. She gave me her telephone number as (585)348-3300, extension 3427.<sup>nd</sup>

b. ALJ Fleming is abusing his power by making disingenuous allegations in his self-interested effort to prevent me from obtaining a copy of the recorded hearing to support my August 17 motion for his recusal or disqualification ("File 48") for bias and dereliction of duty, and my appeal from his decision of August 24. By so doing, ALJ Fleming is committing spoliation.

4. Time is running out and now only 19 days remain for me to write the brief on appeal supported by that hearing recorded via video conference, which constitutes "the best evidence"; otherwise, its sound track or at least its transcript.

5. Therefore, I hereby formally request that you, Ms. Brown, and you, Mr. Griepentrog, see to it that without further delay there are sent to me on a USB

stick, otherwise, on a CD disc, a copy of:

- a. the recorded hearing on August 8 before ALJ Fleming;
- b. all communications concerning any person or issue in this case, including by email, voice mail, telephone conversation, letter, and "Report of contact" in person, between:
  - 1) anybody in the OMHA Phoenix, AZ, Field Office (internal communications)
  - 2) anybody in the OMHA Atlanta, GA, Field Office (internal communications)
  - 3) anybody in the Phoenix Field Office and the Atlanta Field Office (external communications)
  - 4) the Medicare Appeals Council, with which I already filed an appeal on June 3, 2022, and anybody in the Phoenix and Atlanta Offices; and/or EmblemHealth and Maximus;
  - 5) anything else that a reasonable and honest person acting fairly and impartially and intent on abiding by the command "If in doubt, disclose", would consider directly or indirectly relevant to this appeal, whether relating to the key or the important issues mentioned hereabove or as background providing context to anybody or entity somehow related to this appeal.
6. Only in passing so as not to distract from the key issue discussed above, but to acknowledge with appreciation your email, Mr. Griepentrog, I add the following comments:
  - a. SHIP supervisors are part of the problem and among the more than 15 EmblemHealth supervisors who unexpectedly stopped working on my case instead of taking ownership of it until it was solved; see my Statement of Facts;
  - b. BronxWorks deals with finding jobs for people in the Bronx. It has nothing to do with EmblemHealth, never mind with the provision of assistance to people involved in a Medicare appeal;
  - c. The Medicare Ombudsman cannot order an ALJ to do anything. Only Medicare itself can do so or, if need be because time for filing an appeal is running out, do it itself, e.g., provide me with the requested information.
7. I respectfully request that this email be made part of the record of this case.

I look forward to hearing from you at your earliest convenience, for time is of the essence.

Sincerely,

Dr. Richard Cordero, Esq.

Subject: Follow Up -

Dr. Cordero:

I wanted to add that your concerns about your continued access to federal buildings following the Federal Protective Service complaint filed about your call(s) to OMHA's Phoenix Field Office and your concerns and full discovery request for relevant communications

regarding what type of potential communications between the two OMHA field offices and/or ALJ judges that were reviewing your dental claim appeal are also being shared with Atty. Erin Brown, pursuant to your repeated requests.

On 09/29/2022, over the phone, you repeatedly expressed to me that you were hoping to have a call from an OMHA manager, specifically from a manager that could speak to your concerns about what effects that the events that led to your case being recused by the Phoenix Field Office ALJ judge and your appeal case's transferal to a different venue, and what effects of having a potential file with Homeland Security after an FPS complaint was investigated might have upon your attempts to represent legal clients before a governmental agency or in a state or a federal court. Your concerns and sentiments have been passed along and were not ignored, Dr. Cordero.

You also have the option, like I had mentioned during our prior call, of the Medicare OMB, Ombudsman services: <https://www.cms.gov/Center/Special-Topic/Ombudsman/How-the-Medicare-Beneficiary-Ombudsman-Works-for-You.pdf> to follow up on any grievance or issues that you might have had during the appeals process with OMHA. OMHA makes efforts to be transparent about how the Medicare appeals system works—the following links are on our public-facing website, 2nd paragraph below, available to everyone:

You have the link to the Level-4 Appeals Council on the DAB-101 Review Request form that you had cited during our call. So long as your claim(s) at issue was billed above \$1,760 you should be clear to go forward with their process of filing your Level-4 Medicare appeal request <https://www.govinfo.gov/content/pkg/FR-2022-09-30/pdf/2022-21284.pdf>: (see Table, bottom-third of Page 2 of 2 of PDF).

I am, by no means, a dental, medical nor even a legal expert who can diagnose or treat your issues and conditions. I could not say whether problems with your tongue should result in a

certain orthodontist being consulted, versus an endodontist, but I do sympathize about the pain and stress that your conditions have caused... Coverage of dental services under Medicare is, frankly, a rare circumstance. Most dental services are excluded from Medicare, outright. With your dual-coverage plan, that integrates Medicare with Medicaid services, however, additional dental benefits are offered through your state than what I am used to in my limited dealings with Medicare claims and appeals. You are also eligible for health advocacy counseling services and other venues of appeal and review, through the NY Medicaid offices, as well. These are also options for you to consider.

To assist you further, you might want to consider the recommendations of one of the independent State Health Insurance-assistance Program/ Senior Health Insurance Program ["SHIP"] counselors that your SNP-D plan membership give you access to... they might suggest sources for your briefs you might be drafting, or be able to state the timetables that state reviewers work under. A community health advocate at an organization like BronxWorks might be able to suggest a Montefiore /Albert Einstein Hospital clinic or program that would offer comparable services that you were seeking, regardless of what Emblem Health limits to a certain number of visits or procedures.

<https://communityhealthadvocates.org/agencies/bronxworks/>

Call our helpline at (888) 614-5400 Monday to Friday, 9am to 4pm,

or email [cha@cssny.org](mailto:cha@cssny.org).

A New York-based SHIP counselor would know far more about your potential options for considering any state-based appeal related to NY Medicaid in Bronx County and that portion of your dual Medicare-Medicaid coverage.

<https://aging.ny.gov/health-insurance-information-counseling-and-assistance>

Call HIICAP at 1-800-701-0501

HIICAP provides free, accurate, and objective information, counseling, assistance, and advocacy on Medicare, private health insurance, and related health coverage plans. NYSOFA coordinates HIICAP through its network of 59 area agencies on aging (AAAs), where almost 500 trained insurance counselors are available to assist beneficiaries. Counselors may be reached by calling 1-800-701-0501. Callers are routed to the county in which they reside for direct assistance from the local HIICAP.

<https://aging.ny.gov/location/new-york-city-department-aging>

Without the familiar Medicare Local Coverage Determinations and Code of Federal Regulations detailing the many sub parts of dental services, much of a Medicare ALJ's review on this type of services may reduce down to contract review of interpreting the terms, limitations and conditions stated in your Emblem Health 2022 Evidence of Coverage contract. The use of the term "comprehensive coverage," often, is describing the variety of types and categories of services accessible to plan members at given level of coverage.*some*

Many other Emblem Health Medicare Advantage plans that this plan sells in NY offers limited dental services coverage those approved services to preventative care (with few to no surgical treatments covered). Insurers place limits on types of devices that are covered, numbers of visits possible, caps on dollar amounts of billed expenses. Health plans and payers may define a "policy-lifetime" maximum count of covered high-expense procedures—often surgeries. "Comprehensive" isn't a direct synonym for "complete" or "everything necessary/helpful." The link to your Emblem contract, "E.O.C." and to the HealthPlex list of services and terms may help your preparations for future services and appeals.

In-Network HealthPlex dental coverage under Emblem Health VIP does span a broader set of categories of care and offers more options beyond teeth cleanings and other strictly basic preventative care dental services. To most insurers, those additional options offered fulfill a minimum requirement of use of the label 'comprehensive' and then their Evidence of Coverage contract defines the specific limits that a member will have agreed to... There are six other Emblem Health VIP policies, alone, that the payer sells to Medicare Advantage members—each of the seven, total, are considered some type or mix of 'comprehensive' dental coverage.

Car insurance policies, as well, denote a 'comprehensive' insurance as a policy that covers at least two categories of insurance – typically, some agreed coverage level/payment by that insurer for damage that the car underwritten by their policy may cause (a liability-type insurance) as well as some agreed coverage payment by that insurer for damages done to that underwritten car itself (an automobile collision-type insurance).... With multiple pre-defined coverage limitations, pre-conditions, possible deductions or specified garages and body shops spelled out within the specific policy signed by the member of the automobile plan.

However there are several limitations on all health and dental services, specific pre-conditions, etc. that your Emblem Health H0333-042-1 insurance policy requires. A sample of some of these limits that were displayed on the Emblem Health/HIP plan's website included:

EOC Emblem Health VIP (D-SNP)

Contract H0333-042-1

Under Insurer's category

Prosthodontics, Oral /Maxillofacial :

Other Surgical procedures/ 1 per lifetime | \$50 member's coinsurance paid per incident  
;Retainer placements/ 1 every 60 months | \$150 member coinsurance paid;Excision, Incision,

and Other Repair Services | [no fixed visit-count stated , no limitation printed i.e. not "once per lifetime," per se].

You will also get benefits Medicare does not cover, like comprehensive dental, hearing aid allowance, eyewear allowance, \$0 for 10 additional acupuncture visits, a SilverSneakers® membership, and \$50 for over-the-counter (OTC) items monthly including healthy food items and produce.

For more information about dental services and participating dentists and specialists, please call EmblemHealth Dental at 855-933-4033, 8 am to 8 pm, Monday to Friday. If you use a TTY, please call 800-662-1220, 8 am to 8 pm, Monday to Friday.

Our goal at EmblemHealth is to provide you with access to high-quality care, which is why we have contracted with Healthplex to manage the dental needs of our Emblem Health VIP Medicare members.

Healthplex has a large network of participating dentists and specialists.

<https://www.emblemhealth.com/plans/medicare-advantage/medicare-dental-coverage>

Plans that include Comprehensive Dental Benefits are EmblemHealth VIP Dual (HMO D-SNP), EmblemHealth VIP Essential (HMO), EmblemHealth VIP Rx Saver (HMO), EmblemHealth VIP Gold (HMO), EmblemHealth VIP Reserve Classic (HMO), EmblemHealth VIP Dual Reserve (HMO D-SNP) and EmblemHealth VIP Gold Plus (HMO).

There are also, multiple methods of treating a patient with some type of malocclusion or with another cause of self-injury to his/her tongue. There are multiple treatments and contributing factors offered in just two articles on this broader category, see below. I wouldn't try to diagnose you, but would leave that to a specialist like an orthodontist, endodontist, or an oral surgeon/maxillofacial 'M.D.' doctor. Hopefully, you will also exert efforts towards researching further possible treatments with HealthPlex coordinators at Emblem Health or with the independent advocacy groups like two possible ones that I have mentioned, there could be better advocate groups that you locate on your own—I don't live even near to NYC to select the best. Removing or mitigating your dental injuries or underlying causes for those dental issues is at least equal, if not more, goals to aim for satisfying as claim appeals and any oppositional procedures.

Similar to consulting dental specialists familiar with intricate details, there are sufficient specifics and standards or procedure defining Medicaid benefits vs. Medicare benefits, specifics of NY's coverage and criteria, specifics of affordable dental care providers who work specifically with SNP-D policy holders that even a doctor of law might consider seeking some level of free assistance (that you are very-likely eligible to already have) from or consultation with a healthcare advocate specialist at an organization such as BronxWorks or from a SHIP counselor specialist in your state, to move both claims and/or dental case most efficiently, or to suggest some options in either that might not be apparent.

<https://www.webmd.com/oral-health/what-to-know-about-crossbite>

<https://pubmed.ncbi.nlm.nih.gov/29855110/>

...patients may suffer from cheek and/or tongue biting, for example, after the delivery of a maxillary posterior implant-supported fixed dental prosthesis resulting in an edge-to-edge occlusal configuration. In instances of severe maxillary resorption in the posterior buccal zone, it is recommended to consider a distinct cross-bite occlusion and by this prevent ... an edge-to-edge interarch relationship or a so-called "stretched" transversal overbite.

To: [dr.richard.cordero\\_esq@verizon.net](mailto:dr.richard.cordero_esq@verizon.net) [dr.richard.cordero\\_esq@verizon.net](mailto:dr.richard.cordero_esq@verizon.net)  
Sent: Fri, Sep 30, 2022 7:31 pm  
Subject: Re Partial Case File Req Processed and Ready to Proceed

Apologies for the delay, Dr. Cordero.

Our standardized OMHA-101, Report of Contact, Form only has a limited set of blank spaces possible to fill in. The OMHA-719 form that is standard for case file requests is included. It would be appreciated to have this form completed to formalize the requests that were made on your letters 08-17-2022. As was stated over the phone with you on 08-29-2022, it is not OMHA's intention or purpose to delay or extinguish your rights to pursue further levels of appeal within the Medicare appeals system or to make all requests for additional information that our process or the Freedom of Information Action request process that was described by Judge Fleming during your VTC conference on 08-08-2022.

As I stated to you during our 08-29-2022 call, we are providing the audio transcript as a part of the case file record, Files 38 – 48, of the conference meeting between yourself, Judge Fleming and the representatives from Emblem Health plan. Our organization does not have a contract or obligation to archive the video footage from a VTC video teleconference. Those services are used as a method of communication and storage of the footage from this vendor is not a part of OMHA's contract with the vendor. We have, however, provided you with the same type and level of evidence that OMHA itself and the Appeals Council use in our standard operations and I assure you that it is the same media and materials that we offer and would offer the Appeals Council for their requests of case file records.

I am making this message available to Sr. Atty. Erin Nugent, as a means of follow-up, pursuant to your request. You have a copy, attached, of my Report of Contact of our extended call on the morning of 09-29-2022.

The following encrypted case file CD has been set up with a UPS mailing. Please complete the HHS-719 form and send your signed copy of this form back to the Arlington FO, where you stated you prefer to continue your requests through due to your continued inability to reach even a front desk switchboard number in Atlanta, after numerous documented attempts since August 27, 2022.

I understand that you would file this case file request form under protest. I offer it as a means of documenting OMHA's express mail delivery to you, and as a means for your adding your signed request into OMHA's case record. This is a formality done mostly for clarity's sake. Items can be sent without it. I leave that decision up to my managers. But I wanted to offer you what we agreed upon over the phone would be done in the method that I had described that I would proceed. You had agreed that you would not refuse this form and would consider completing it.

I will be on a three-week vacation through most of October. I have made my manager, John Colter aware of your request and where to ship items from that were completed.

as of 22 October 2023

**Fabricated indictments  
based on false and insufficient evidence presented to grand juries by  
prosecutors, police, and judges who abuse the jurors'  
ignorance of the law and untrained and uncritical judgment, and  
reciprocally cover up their dereliction of honest service and due process duties<sup>‡</sup>**  
The proposal to expose the abusers through UNPRECEDENTED CITIZENS HEARINGS.<sup>‡</sup>

**A. Jointly exposing the fabricators of indictments and those who cover for them**

1. This is a call by a grand juror lawyer to abusees, class action lawyers, and investigative journalists, to join forces to expose those public officers in the administration of justice who have participated in the fabrication of indictments based on [false and insufficient evidence](#) and/or its cover-up, e.g.:
  - a. former NY State [Chief Judge](#) Janet DiFiore; former acting Chief Judge Anthony Cannataro; Bronx Administrative Justice Alvin Yearwood & Grand Jury J. Laurence Busching; et al.;
  - b. former NY Police Department (NYPD) captain and now [NY City Mayor](#) Eric Adams;
  - c. NYPD [Internal Affairs Bureau](#) (IAB) Chief Miguel Iglesias & [Commissioner Edward Caban](#);
  - d. [NY City Public Advocate](#) Jumaane Williams and his county counterparts in Bronx; et al.
2. Since 28 May 2022, some thirty public officers, whether personal or institutional, have been informed by [letter](#), email, and telephone of the fabricated indictments. A sample of the email headings and text is collected in a [pdf file<sup>‡</sup>](#); the addressees' email addresses are in the bloc of addresses below. Nevertheless, the officers have failed to even reply to them.
3. Their failure betrays coordination among them consisting in harmonious conduct in furtherance of common interests. Circumstantial evidence is as sufficient to establish such coordination as it is in a criminal case where it provides the predicate for the jury to find the defendant guilty and punishable by death. They have given rise to 'a community of interests too big to be held accountable'.
  - a. The officers have an interest in avoiding retaliation from the judges, who would close ranks to protect any fellow judge implicated in admitting into evidence or covering up fabricated indictments; and strike back at the implicators. The implication may derive from judges' possessing actual knowledge of the fabrication or committing willful ignorance or blindness.
  - b. Prosecutors and police officers are interested in using fabricated indictments as leverage to coerce acceptance of even very unfavorable terms in plea bargains that they offer people in their custody: The more cases they close without, or win at, trial, the better their chances of being reelected or promoted.
4. In purpose and effect, whether implicitly or explicitly, for their gain and convenience, the coordinated public officers run a corrupt and [racketeering](#) enterprise. Thereby they violate the [Enterprise Corruption](#) Law, NY Consolidated Laws, Penal Law-PEN §460; and the Racketeer Influenced and Corrupt Organizations Act ([RICO](#)), 18 U.S.C. §§1961 to 1968. They have committed:
  - a. abuse of the public power entrusted to them for the benefit of the sovereign source and destination of all public power in a democracy: *We the People*;
  - b. dereliction of duty to investigate allegations of wrongdoing and enforce the law;
  - c. denial of due process and equal protection under law, causing the injury in fact of:

- d. deprivation of liberty and property of those falsely accused of a crime, who incur expense to make bail, lose their jobs, and suffer reputational impairment by having a criminal record;
  - e. obstruction of the administration of justice;
  - f. denial of honest services to be rendered through due diligence;
  - g. a cover-up to ensure reciprocal complicit protection: ‘I don’t investigate you and you don’t investigate me’; and
  - h. deprivation of the right to be a grand jury member, confront accusers, present evidence, etc.
5. The exposure of [coordinated abuse of power](#), [public unaccountability](#), and need for [justice system reform](#) can turn those issues into decisive ones of the presidential debates, the primaries, and the general election campaign.
6. An informed and outraged public can incentivize the holding of the proposed [UNPRECEDENTED CITIZENS HEARINGS](#).
- a. The citizens hearings are to be held by journalists, media outlets, Information Technology (IT) and AI experts, and [journalism](#), [law](#), and [IT](#) students and professors.
  - b. Their venue will be media stations and school auditoriums.
  - c. They will be transmitted via the Internet so that wherever abusees and the audience are, they can tell and listen to the [stories](#) of the abuse that they have suffered or witnessed by those who have fabricated indictments or covered them up. See [the two-phase method](#) for writing your story in up to 500 words and in a way so that it is accurate, significant, and verifiable.
  - d. At the hearings, the abusees will shout self-assertively the rallying cry: *Enough is enough!* We won’t take any abuse by anybody anymore.
  - e. Thus informing and outraging state and national audiences, the hearings will encourage ever more people to tell their story. A self-reinforcing process will snowball.
7. The citizens hearings can give rise to both a multidisciplinary academic and [business investigation](#); and the development of a national, civic, *Me Too!*-like movement. Both will contribute to implementing a [plan of action](#) that is concrete, realistic, and feasible.
- a. The hearings and the plan are aimed to spark the formation of a powerhouse centered on the media and academe that compels politicians, lest they be voted out of, or not into, office by an informed and outraged national public to join the exposure of indictments fabricators; the collective demand for [compensation](#) for the abusees; and the pursuit of judicial reform.
  - b. That powerhouse can grow so strong as to bring about transformative change in American society and government to carry out the will of *the People*.
8. This is the most propitious time to respond to the call to join forces because the national public is receptive to it and resentful of public abuse of power and unaccountability:
- a. Supreme Court justices have been exposed for engaging in unethical and illegal conduct; and failing to ‘disqualify themselves in proceedings where their impartiality might reasonably be questioned’ ([28 U.S.C. §445](#)), e.g., due to conflict of interests arising from their decades-long beneficial personal relationship with ‘Friends of the Justices’, such as billionaire Harlan Crow, as revealed by [ProPublica](#). Consequently, public trust in the justices has plummeted;
  - b. the judicial treatment of President Biden’s son and former President Trump has sparked al-

legations of double judicial standards and the politization of the Department of Justice; and

- c. the current electoral season will allow politicians, whether principled or opportunistic, to turn judicial abuse, unaccountability, and reform into the distinguishing issues of their platform in an effort to earn public recognition as *the People's* Champions of Justice.

## B. **Thousands<sup>‡</sup> of emails have been, and continue to be, sent to officers and entities duty-bound to safeguard the integrity of the justice system**

9. These are email addressees to whom emails<sup>‡</sup> have been sent since 7 June 2022:

[mselflick@bronxdefenders.org](mailto:mselflick@bronxdefenders.org), [media@bronxdefenders.org](mailto:media@bronxdefenders.org), [corderoric@yahoo.com](mailto:corderoric@yahoo.com),

10. I respectfully offer you and your colleagues and guests to make via video conference or, if in New York City, in person, a presentation on how to join forces to achieve the above-stated exposure, compensation, and reform; followed by a Questions & Answers session.

11. The presentation is supported by my professional [law research and writing](#), and [strategic thinking](#). They are the skills that undergird my three-volume study<sup>\*†</sup> of judges and their judiciaries titled:

**Exposing Judges' Unaccountability and Consequent Riskless Abuse of Power:**  
**Pioneering the news and publishing field of judicial unaccountability reporting<sup>\*†</sup>**

12. The study discusses the axiom 'Unaccountability breeds abuse'. Its corollary is 'What [judges](#) allow themselves to do -regardless of the requirement to "avoid the even the appearance of impropriety" (§100.2), as exposed by [The Wall Street Journal](#) and [Thomson Reuters](#)-, others copy and exceed'.

- a. [Former President](#) Trump was found by NY State [Judge Arthur Engoron](#) to have committed business fraud, as stated in his decision of 26 September 2023. How much encouragement did he receive to defraud from his sister, former 3<sup>rd</sup> Circuit Judge Maryanne Trump Barry, who was going to be investigated for fraud before she simply resigned with impunity(¶16c)?

13. Some of my articles on unaccountability and abuse of power are posted to my website [Judicial-Discipline-Reform.org](#). They have attracted so many webvisitors and impressed them so positively that as of 21 October 2023, the number of visitors that had become subscribers was [49,034](#).

**C. A similar case of coordinated abuse of power and cover-up, this one involving Medicare and related medical services and equipment providers**

14. Similar emails have been sent since 4 October 2022 to the top officers of Medicare and related entities named infra. They have not replied or produced discovery, disclosure, or the overdue decision of the Medicare Appeals Council. Such failure to reply, produce, or decide results from, or works in effect, a coordinated cover-up to obstruct justice. Those officers have abused their power. They need to be **exposed** through the proposed **UNPRECEDENTED CITIZENS HEARINGS**(¶6↑) on:

**A call  
to Medicare Appeals Council  
to decide appeal M-23-386, filed on 28 October 2022 and still pending;  
and  
to people who have been denied their rights by Medicare and related entities,  
to class action law firms, and to investigative journalists,  
to join forces to expose the abuse of power and cover-up  
affecting so many people who assert their rights as  
single party to their stand-alone case and even do so without a lawyer (pro se),  
and as a result, have barely any chance against coordinated  
hospitals, medical practitioners, equipment and laboratory services providers,  
health insurance companies and health management organizations (HMOs)  
and their networks of services and equipment providers,  
medical decisions reviewers, administrative law judges,  
Medicare, Medicaid, and the Medicare Appeals Council...with their lawyers,  
all of whom coordinate their pursuit of their common interest in  
enlarging their network;  
denying claims of people to save money; and/or  
billing them for the balance of medical bills in excess of  
what the tables of medical costs allow by law and contract, which  
constitutes balance billing and has been illegal since 1997\*(OL3:1611\$A)  
because it defeats the purpose of medical costs limited by health insurance,  
thus prompting the recent adoption by Congress of the **No Surprise Bill Act****
