Exposing
Judges' Unaccountability
and
Consequent Riskless Abuse of Power
Pioneering the news and publishing field
of
judicial unaccountability reporting

A three-volume study of judges and their judiciaries that exposes their coordinated abuse of power as their institutionalized modus operandi; and promotes a generalized media investigation and unprecedented citizens hearings that inform and so outrage the national public as to stir it up to assert its right as *We the People*, the Masters of all public servants, including judicial public servants, to hold judges accountable for their performance and liable to compensate the victims of their abuse
